Technology Demonstrated
• e-AAM P4 Concentric Front & Rear EDUs

Features/Benefits of Technology
• World-class power density and NVH levels

Vehicle Features
• 400 horsepower
• 0-60 in 4.5s
• 240mi range

E-Drive Module Features
• Compact concentric gearbox arrangement
• High power density: 6.2kW/L, 1.9kW/kg
• Power (peak): 147kW
• Axle torque (peak): 3150Nm
• Max motor speed: 13k RPM
• Gear ratio: 9.04:1
• Weight: 73.9kg

Benefits
• High power density
• Lightweight
• Improved efficiency
