**RECOMMENDED CASH AND SHARE COMBINATION
OF
DOWLAIS GROUP PLC (“DOWLAIS”)
WITH
AMERICAN AXLE & MANUFACTURING HOLDINGS, INC. (“AAM”)**

Summary

- The boards of AAM and Dowlais are pleased to announce that they have reached agreement on the terms of a recommended cash and share offer to be made by AAM for the entire issued and to be issued ordinary share capital of Dowlais (the “**Combination**”).
- The Combined Group will be a larger, diversified global manufacturer well-positioned for long-term profitable growth, value-enhancing investments and sustainable capital returns. The boards of AAM and Dowlais believe the Combination will generate significant value for both sets of shareholders. The Combined Group will have the following characteristics:
 - a leading, innovative global driveline and metal forming supplier with significant size and scale;
 - an increasingly propulsion-agnostic portfolio of products across a broader range of automotive segments supporting internal combustion engine, hybrid and electric powertrains;
 - a diversified customer base with expanded and balanced geographic presence;
 - the opportunity to deliver significant cost synergies of \$300 million across the Combined Group;
 - high margins, with strong earnings accretion, cash flow and balance sheet; and
 - an experienced and blended management and leadership team, with a proven track record of restructuring, integration and operational excellence.

The Combination

- Under the terms of the Combination, each Dowlais Shareholder will be entitled to receive:

for each Dowlais Share held: 0.0863 New AAM Shares;

42 pence in cash; and

**up to 2.8 pence in the form of a final cash dividend to be paid
(subject to the approval of the Dowlais Board) prior to
Completion**

- Pursuant to the consideration payable in connection with the Combination, each Dowlais Shareholder will be entitled to receive the payment of a final cash dividend by Dowlais of up to 2.8 pence for each Dowlais Share (the “**FY24 Final Dividend**”) (to be paid (subject to the approval of the Dowlais Board) in line with Dowlais’ ordinary course 2024 financial year dividend calendar) without any reduction of the consideration payable under the terms of the Combination.
- The terms of the Combination represent a total implied value of 85.2 pence per Dowlais Share, based on the Closing Price of \$5.82 for each AAM Share and £/US\$ exchange rate of 1.2434 on 28 January 2025 (being the close of business on the last Business Day before the date of this Announcement), and including the FY24 Final Dividend.
- Immediately following Completion, it is expected that the Dowlais Shareholders will own approximately 49 per cent., and AAM Shareholders will own approximately 51 per cent., of the issued and outstanding common stock of the Combined Group, with Dowlais Shareholders benefiting from up-front cash consideration and the opportunity to participate in the anticipated future value accretion of the Combined Group.
- The Combined Group will have an experienced and blended management and leadership team. David C. Dauch will serve as the Chairman and Chief Executive Officer of the Combined Group. In addition, Roberto Fioroni (Chief Financial Officer, Dowlais), Helen Redfern (Chief People, Sustainability and Communications Officer, Dowlais), Markus Bannert (Chief Executive Officer, GKN Automotive), and Jean-Marc Durbuis (Chief Executive Officer, GKN Powder Metallurgy) will be invited to join existing AAM executives as part of the senior executive management team of the Combined Group, in roles to be confirmed. It is also expected that Simon Mackenzie Smith (Chair, Dowlais) and Fiona MacAulay, who currently serve on the Dowlais Board, will join the Board of AAM following completion of the Combination.
- The terms of the Combination (including the FY24 Final Dividend) value the entire issued and to be issued ordinary share capital of Dowlais at approximately £1.16 billion on a fully diluted basis and represent a premium of approximately:
 - 25 per cent. to the Closing Price of 68 pence for each Dowlais Share as at the close of business on 28 January 2025 (being the last Business Day before the date of this Announcement);
 - 45 per cent. to the volume-weighted average price of 59 pence for each Dowlais Share for the three-month period ended on 28 January 2025 (being the last Business Day before the date of this Announcement); and
 - 46 per cent. to the volume-weighted average price of 59 pence for each Dowlais Share for the six-month period ended on 28 January 2025 (being the last Business Day before the date of this Announcement).
- The terms represent an implied enterprise value multiple of approximately 4.1 times Dowlais’ adjusted EBITDA for the 12-month period ended 31 December 2023, and 3.0 times when including full run rate cost synergies.
- A Mix and Match Facility will also be made available to Dowlais Shareholders in order to enable them to elect, subject to off-setting elections, to vary the proportions in which they receive cash and New AAM Shares in respect of their holdings in Dowlais Shares. However, the total number of New AAM Shares to be issued and the maximum aggregate amount of cash to be paid under the terms of the Combination will not be varied as a result of elections under the Mix and Match Facility.
- The AAM Board believes the Combination will create significant annual run rate cost synergies of \$300 million, expected to be substantially achieved by the end of the third year after Completion.

- AAM reserves the right to reduce the consideration payable in respect of each Dowlais Share under the terms of the Combination to the extent that the FY24 Final Dividend exceeds 2.8 pence per Dowlais Share. If any dividend or other distribution is announced, declared, made or paid, or becomes payable, in respect of Dowlais Shares on or after the date of this Announcement and before the Effective Date, other than the FY24 Final Dividend or any repurchases of Dowlais Shares by Dowlais pursuant to the Buyback Programme, AAM reserves the right to reduce the consideration payable in respect of each Dowlais Share by the amount of all or part of any such dividend or other distribution. If AAM exercises this right or makes such a reduction in respect of a dividend, other distribution or return of capital that has not been paid, Dowlais Shareholders will be entitled to receive and retain that dividend, other distribution or return of capital. From the date of this Announcement until the Effective Date, AAM is not permitted to announce, declare, make or pay any dividend, other distribution or return of capital and, if AAM does not comply with this restriction, Dowlais shall be entitled (at its sole discretion) to declare and pay an equalising dividend to Dowlais Shareholders, without any consequential reduction to the consideration. Further details are set out in paragraph 13 (*Dividends*).
- The Combination is expected to be effected by means of a Court-sanctioned scheme of arrangement between Dowlais and Scheme Shareholders under Part 26 of the Companies Act, although AAM reserves the right to elect to implement the Combination by way of a Takeover Offer, subject to the terms of the Co-operation Agreement, and obtaining the consent of the Panel.
- As a result of the announcement of the Combination, the Dowlais Directors have taken the decision to terminate the Buyback Programme previously announced, with immediate effect.
- AAM and Dowlais have agreed certain arrangements whereby the consideration per Dowlais Share may be increased should certain shares in Dowlais be cancelled for nil consideration prior to the Effective Date as set out in paragraph 21 (*Melrose ESOT*), without increasing the total consideration payable by AAM pursuant to the Combination.

Background to and reasons for the Combination

- AAM and Dowlais are leading global tier-one automotive suppliers specialising in driveline and metal forming technologies for internal combustion, electric and hybrid vehicles. The combination of AAM and Dowlais will create a leading global manufacturer with the scale, product portfolio, technology and global diversification required to lead and innovate in a transitioning business environment.
- The AAM Directors believe that the Combined Group will benefit from a more diversified business model across both customers and geographies as well as the significant synergies arising from the combination of AAM and Dowlais. This model will feature a robust cash-generative financial profile, a strong balance sheet, and a more competitive and margin enhancing position than the standalone businesses, enabling continued innovation, growth, and long-term value creation for shareholders as the industry transitions to alternate propulsion technologies.
- The Combination will bring together two companies with highly complementary customer bases, geographic footprints, powertrain-agnostic product portfolios, and manufacturing operations. It will benefit from a best-of-best management team and the significant leadership depth present in both organisations.
- The Combination offers shareholders the opportunity to participate in future value creation unlocked through the delivery of these cost synergies.

Key features of the Combined Group:

- **Leading global driveline and metal-forming supplier with significant size and scale** - AAM and Dowlais expect that the Combined Group will benefit from greater scale and diversification, which

brings numerous benefits including: financial and operational resilience, enabling the business to adapt to demand fluctuations and macroeconomic events; strengthened relationships with customers and other industry stakeholders; a competitive cost base driven by economies of scale; pooled resources for R&D and investment, including EV transition and new technologies; and increased agility and flexibility in a dynamic, fast-moving industry.

- **Comprehensive powertrain-agnostic product portfolio with leading technology** - The Combination will create an industry-leading portfolio of products across a broad range of automotive segments, supporting internal combustion engine (ICE), hybrid and electric powertrains. The metal forming and powder metallurgy product groups will provide both vertical integration capabilities and further diversification beyond the auto industry. The Combined Group will benefit from enhanced scale to fund investments in future innovation in its powertrain-agnostic product portfolio.
- **Diversified customer base with expanded and balanced geographic presence** - The Combined Group will be a truly global supplier, serving a wide range of vehicles with a well-diversified and complementary customer base. Additionally, the Combined Group will benefit from a more balanced regional presence. AAM's position in pickup trucks and SUVs and Dowlais' position across multiple other vehicle segments globally create an attractive business portfolio. The combined businesses also have strong foundations to serve the large and growing Chinese vehicle market, in particular with emerging domestic Chinese OEMs that are positioned for global growth. As a result, the Combined Group will be well-positioned to support and profitably participate in the transition to alternate propulsion technologies in all regions.
- **Compelling industrial logic with ~\$300 million of synergies** - The complementary nature of AAM's and Dowlais' businesses will enable the creation of significant, annual run rate cost synergies of approximately \$300 million, expected to be substantially achieved by the end of the third year after Completion. The AAM management team has a proven acquisition track record, having successfully integrated and delivered significant cost synergy value through the acquisitions of Metaldyne Performance Group and Tekfor Group. Additionally, the Dowlais management team has demonstrated a proven track record of restructuring resulting in operational improvements.
- **High margins, with strong earnings accretion, cash flow and balance sheet** - The Combined Group's enhanced customer, geographic, and product diversification supports a best-in-class financial profile with clear opportunities for improved profitability. The Combination results in an attractive financial profile within the automotive supplier landscape, with revenue of approximately \$12 billion and Adjusted EBITDA margins of approximately 14 per cent. (inclusive of run rate synergies). Based on the terms of the Combination, the Combined Group's day-one net leverage is expected to be approximately 2.5 times (inclusive of full run rate synergies). AAM's capital allocation policy will prioritise debt repayment whilst supporting organic growth until net leverage is below 2.5 times, at which point AAM intends to move to a more balanced capital allocation policy.

Quantified cost synergies

The AAM Directors, having reviewed and analysed the potential cost synergies of the Combination, and considering the factors they can influence, are highly confident in the Combined Group's ability to realise approximately \$300 million of annual run rate cost synergies, expected to be substantially achieved by the end of the third year following Completion.

The quantified cost synergies, expected to originate from the cost bases of AAM and Dowlais, are anticipated to be realised primarily from:

- **SG&A** - approximately 30 per cent. across the following sources:
 - Eliminating duplicate public company costs and other costs;

- Optimisation of the combined workforce;
- Streamlining of engineering, research, and development expenses; and
- Elimination of duplicate business and technical offices.
- **Purchasing** - approximately 50 per cent. across the following sources:
 - Leveraging enhanced economies of scale and spend to reduce supply costs;
 - Utilising vertical integration capabilities to deliver insourcing initiatives; and
 - Achieving global freight and logistical savings through increased scale, utilisation and benefits from third-party logistics suppliers.
- **Operations** - approximately 20 per cent. across the following sources:
 - Increasing operating efficiencies through the implementation of a best-of-best operating system; and
 - Optimising the combined global manufacturing footprint.
- The AAM Directors expect that approximately 60 per cent. of the annual run rate cost synergies will be realised by the end of the second year following Completion, and the full run rate cost savings are expected to be substantially achieved by the end of the third year following Completion.
- The AAM Directors expect that the one-off costs required to deliver on the synergy plan are approximately equal to one year of full run rate savings.
- In addition, the AAM Directors expect an increase in operating working capital of approximately \$13 million required to deliver identified run rate freight and logistics synergies.
- The synergy savings stated are net of anticipated dis-synergies (expected to be approximately \$22 million).
- The expected synergies will accrue as a direct result of the Combination and would not be achieved on a standalone basis.

Irrevocable undertakings

- AAM has received irrevocable undertakings to vote in favour (or procure a vote in favour) of the Scheme at the Court Meeting and the Resolutions to be proposed at the General Meeting from those Dowlais Directors who hold Dowlais Shares in respect of their own beneficial shareholdings, totalling 3,864,429 Dowlais Shares representing approximately 0.3 per cent. of the issued ordinary share capital of Dowlais as at 28 January 2025, being the last Business Day before the date of this Announcement.
- Further details of these irrevocable undertakings are set out in Appendix 3 to this Announcement.

Background to and reasons for the recommendation

- Dowlais is a specialist engineering group focused on the automotive sector. Since its listing in April 2023, Dowlais has made strong progress on its strategy to accelerate its transition to a power-agnostic business model and has continued to deliver operational and performance improvements despite a challenging market environment.
- The Dowlais Directors remain fully confident that Dowlais will continue to execute successfully on its strategic priorities, leaving it better positioned to navigate market volatility and deliver sustainable, profitable growth and cash generation.
- While the Dowlais Directors did not solicit an offer for Dowlais, the Dowlais Directors remain focused on maximising the full value of Dowlais for the benefit of its shareholders by considering all available options. In assessing the Combination, the Dowlais Directors have focused on both the near-term and long-term value that the Combination is expected to deliver to Dowlais Shareholders as well as the implications for Dowlais' stakeholders.
- The Dowlais Directors believe that the Combination represents an attractive opportunity to accelerate the realisation of shareholder value through the establishment of a global, automotive supplier with

market-leading capabilities, better-positioned together to navigate both the short-term challenges and long-term market dynamics in the automotive sector.

- In considering the terms of the Combination and determining whether they reflected an appropriate valuation of Dowlais and its future prospects, the Dowlais Directors have taken into account a number of factors, including the premium and consideration mix, and offering Dowlais Shareholders the opportunity to participate in the anticipated value creation from the substantial synergies expected to be delivered through the Combination and accrue to the shareholders of the Combined Group.

Recommendation

- The Dowlais Directors, who have been so advised by Barclays and Rothschild & Co as to the financial terms of the Combination, consider the terms of the Combination to be fair and reasonable. In providing their advice to the Dowlais Directors, Barclays and Rothschild & Co have taken into account the commercial assessments of the Dowlais Directors. Barclays and Rothschild & Co are providing independent financial advice to the Dowlais Directors for the purposes of Rule 3 of the Code.
- Accordingly, the Dowlais Directors intend to recommend unanimously that Scheme Shareholders vote in favour of the Scheme at the Court Meeting and Dowlais Shareholders vote in favour of the Resolutions to be proposed at the General Meeting (or in the event that the Combination is implemented by way of a Takeover Offer, that Dowlais Shareholders accept or procure acceptance of such Takeover Offer) as the Dowlais Directors who hold Dowlais Shares have irrevocably undertaken to do in respect of their entire beneficial holdings of 3,864,429 Dowlais Shares, in aggregate, representing approximately 0.3 per cent. of the issued ordinary share capital of Dowlais as at 28 January 2025 (being the last Business Day before the date of this Announcement). Further details of these irrevocable undertakings are set out at Appendix 3 to this Announcement.
- AAM and Dowlais have agreed certain arrangements whereby the consideration per Dowlais Share will be increased should certain shares in Dowlais be cancelled for nil consideration prior to the Effective Date as set out in paragraph 21 (*Melrose ESOT*), whilst maintaining the total consideration payable by AAM pursuant to the Combination. For the avoidance of doubt, as described in paragraph 21 (*Melrose ESOT*), there can be no certainty that certain shares in Dowlais will be cancelled for nil consideration prior to the Effective Date with a resulting increase to the consideration per Dowlais Share under the terms of the Combination as set out in paragraph 21 (*Melrose ESOT*), and the Dowlais Directors' intention to recommend as set out above is based solely on the terms of the Combination as at the date of this Announcement, and the financial advice received by the Dowlais Directors has been given on that basis.
- The AAM Directors have unanimously approved the Combination and intend to recommend that AAM Shareholders vote in favour of the amendment to AAM's certificate of incorporation to increase the number of authorised AAM Shares and the issuance of the New AAM Shares in connection with the Combination. J.P. Morgan has acted as financial adviser to AAM in relation to the Combination.

Timetable and Conditions

- The Combination is subject to, among other things: (i) approval of the requisite majority of the Scheme Shareholders at the Court Meeting and the Dowlais Shareholders at the General Meeting; (ii) the sanction of the Scheme by the Court; (iii) the receipt of certain antitrust and other regulatory approvals; (iv) the amendment to AAM's certificate of incorporation to increase the number of authorised AAM Shares duly approved by the affirmative vote of the holders of a majority in voting power of the AAM Shares entitled to vote thereon at the AAM Shareholder Meeting; (v) the issuance of the New AAM Shares in connection with the Combination being duly approved by the affirmative vote of the holders of a majority in voting power present in person or by proxy at the AAM Shareholder Meeting; and (vi) confirmation having been received by AAM that the New AAM Shares have been approved for listing,

subject to official notice of issuance, on the New York Stock Exchange. The Combination is also subject to the other terms and Conditions set out in Appendix 1 to this Announcement, and to the full terms and conditions to be set out in the Scheme Document, including the EU Antitrust Condition, the U.S. Antitrust Condition, the China Antitrust Condition, the Brazil Antitrust Condition and the Mexico Antitrust Condition.

- The Combination will be put to Scheme Shareholders at the Court Meeting and the Dowlais Shareholders at the General Meeting. In order to become Effective, the Scheme must be approved by a majority in number of the Scheme Shareholders at the Court Meeting, present and voting, either in person or by proxy, representing at least 75 per cent. in value of the Scheme Shares voted. In addition, a special resolution implementing the Scheme must be passed by Dowlais Shareholders representing at least 75 per cent. of votes cast at the General Meeting (expected to be held immediately after the Court Meeting). Following the Court Meeting, the Scheme must also be sanctioned by the Court. Finally, a copy of the Court Order must be delivered to the Registrar of Companies, upon which the Scheme will become Effective. The Scheme must become Effective by no later than the Long Stop Date.
- The Scheme Document will include full details of the Scheme (including the expected timetable for the Combination and how Dowlais Shareholders can hold, access and trade their interests in New AAM Shares), together with notices of the Court Meeting and the General Meeting, the Forms of Proxy, the Forms of Election in relation to the Mix and Match Facility and the expected timetable for the Combination, and will specify the actions to be taken by Dowlais Shareholders. The Scheme Document will be posted to Dowlais Shareholders in May or June 2025. The extended period until publication of such documentation in relation to the Combination has been agreed with the Panel and Dowlais and is to allow the Scheme Document to be published at or around the same time as the mailing of the AAM Proxy Statement following publication of the annual results of both AAM and Dowlais for the year ended 31 December 2024 and allowing for any SEC review period of the AAM Proxy Statement (if required).
- Shareholders' attention is drawn to the section entitled "High-Level U.S. Federal Income Tax Consequences" in this Announcement. The Scheme Document will contain details on the potential application of section 304 of the U.S. Internal Revenue Code (IRC), and the potential resulting U.S. withholding tax at a rate of up to 30 per cent. to the cash consideration received pursuant to the Combination, and will provide information for Dowlais Shareholders on how to certify whether or not it meets the requirements for exemption from U.S. Deemed Dividend Tax (and therefore potentially not be subject to such withholding tax), as described further below in the section entitled "High-Level U.S. Federal Income Tax Consequences".
- The Combination is expected to complete during 2025, subject to the satisfaction (or, where permitted, waiver) of the Conditions set out in Appendix 1 to this Announcement, including the EU Antitrust Condition, the U.S. Antitrust Condition, the China Antitrust Condition, the Brazil Antitrust Condition and the Mexico Antitrust Condition.
- Commenting on the Combination, David C. Dauch, Chairman and Chief Executive Officer of AAM, said:

"This announcement marks another key milestone in our continued long-term strategic growth plan. We are excited to bring together these two outstanding companies to create a leading driveline and metal-forming supplier serving the global automotive industry as it continues to evolve. Importantly, our shareholders will benefit not only from an immediate premium but also from the significant synergies that this combination will deliver. Whilst the Dowlais board remain confident in our stand-alone strategy, this transaction creates significant shareholder value while ensuring that our outstanding businesses continue to shape the future of mobility.”

- Commenting on the Combination, Liam Butterworth, Chief Executive Officer of Dowlais, said:

“Today’s announcement marks a significant opportunity to build on the success of Dowlais Group. The combination of the two companies accelerates the execution of our strategy by leveraging our combined scale, resources, capabilities, and outstanding management teams. Our product portfolios and technological expertise are highly complementary, positioning us to better serve our customers and exceed their expectations. This transaction also combines our respective strengths in innovation, technology, and talent, creating a solid foundation for delivering long-term value to our shareholders. Our shared vision is to be a leading supplier of power-agnostic products as the world transitions to electrified mobility while maintaining operational excellence and driving sustainable growth, improved margins, and stronger cash flow generation. Together, we will unlock significant synergies, accelerate innovation, and position the combined group for long-term success in a dynamic industry. I am incredibly proud of what our team has achieved and excited about the opportunities that lie ahead for the combined group.”

Additional information for U.S. investors in Dowlais

The Combination relates to an offer for the shares of an English company and is proposed to be implemented by means of a scheme of arrangement provided for under English company law. The Combination, implemented by way of a scheme of arrangement, is not subject to the tender offer rules or the related proxy solicitation rules under the U.S. Exchange Act. Accordingly, the Combination is subject to the disclosure requirements and practices applicable to a scheme of arrangement involving a target company in the UK listed on the London Stock Exchange, which differ from the disclosure requirements of the U.S. tender offer and related proxy solicitation rules. If, in the future, AAM exercises its right to elect to implement the Combination by way of a Takeover Offer and determines to extend the Takeover Offer into the U.S., such Takeover Offer will be made in compliance with applicable U.S. laws and regulations.

The New AAM Shares to be issued pursuant to the Combination have not been and will not be registered under the U.S. Securities Act, and may not be offered or sold by AAM in the U.S. absent registration or an applicable exemption from the registration requirements of the U.S. Securities Act. The New AAM Shares to be issued pursuant to the Combination will be issued pursuant to the exemption from registration set forth in Section 3(a)(10) of the U.S. Securities Act. If, in the future, AAM exercises its right to elect to implement the Combination by way of a Takeover Offer or otherwise determines to conduct the Combination in a manner that is not exempt from the registration requirements of the U.S. Securities Act, it will file a registration statement with the SEC that will contain a prospectus with respect to the issuance of New AAM Shares. In this event, Dowlais Shareholders are urged to read these documents and any other relevant documents filed with the SEC, as well as any amendments or supplements to all such documents, because they will contain important information, and such documents will be available free of charge at the SEC's website at www.sec.gov or by directing a request to AAM's contact for enquiries identified above.

This Announcement contains, and the Scheme Document will contain certain unaudited financial information relating to Dowlais that has been prepared in accordance with UK-endorsed International Financial Reporting Standards ("IFRS") and thus may not be comparable to financial information of U.S. companies or companies whose financial statements are prepared in accordance with U.S. generally accepted accounting principles. U.S. generally accepted accounting principles differ in certain significant respects from IFRS.

Dowlais is incorporated under the laws of a non-U.S. jurisdiction, some or all of Dowlais' officers and directors reside outside the U.S., and some or all of Dowlais' assets are or may be located in jurisdictions outside the U.S. Therefore, U.S. Dowlais Shareholders (defined as Dowlais Shareholders who are U.S. persons as defined in the U.S. Internal Revenue Code or "IRC") may have difficulty effecting service of process within the U.S. upon those persons or recovering against Dowlais or its officers or directors on judgments of U.S. courts, including judgments based upon the civil liability provisions of the U.S. federal securities laws. Further, it may be difficult to compel a non-U.S. company and its affiliates to subject themselves to a U.S. court's judgment. It may not be possible to sue Dowlais or its officers or directors in a non-U.S. court for violations of the U.S. securities laws.

In accordance with normal United Kingdom practice, AAM or its nominees, or its brokers (acting as agents), may from time to time make certain purchases of, or arrangements to purchase, shares or other securities of Dowlais outside of the U.S., other than pursuant to the Combination, until the date on which the Combination and/or Scheme becomes effective, lapses or is otherwise withdrawn. These purchases may occur either in the open market at prevailing prices or in private transactions at negotiated prices. Any such purchases by AAM will not be made at prices higher than the price of the Combination provided in this Announcement unless the price of the Combination is increased accordingly. Any information about such purchases or arrangements to purchase shall be disclosed as required in the UK, shall be reported to a Regulatory Information Service and shall be available on the London Stock Exchange website at www.londonstockexchange.com.

High-Level U.S. Federal Income Tax Consequences

The receipt of New AAM Shares and cash by Dowlais Shareholders as consideration for the transfer of Dowlais Shares pursuant to the Combination may be a taxable transaction for U.S. federal income tax purposes and under applicable U.S. state and local, as well as foreign and other, tax laws. Such consequences, if any, are not generally described herein.

For certain Dowlais Shareholders, Section 304 of the IRC may apply to the Combination if the Dowlais Shareholders, in the aggregate, own stock of AAM possessing 50 per cent. or more of the total combined voting power or 50 per cent. or more of the total combined value of all classes of stock of AAM immediately following Completion, taking into account certain constructive ownership rules under the IRC and, in the case of a Dowlais Shareholder who also owns AAM common stock, taking into account any New AAM Shares received by such Dowlais Shareholder as a result of the Combination. If Section 304 of the IRC were to apply to the Combination, the cash consideration received pursuant to the Combination may be subject to U.S. federal income tax as a deemed dividend (“U.S. Deemed Dividend Tax”). A Dowlais Shareholder should only be subject to U.S. Deemed Dividend Tax if the Dowlais Shareholder receives cash under the Combination and also owns AAM Shares. Further, even if a Dowlais Shareholder also owns AAM Shares, it should only be subject to U.S. Deemed Dividend Tax if the Dowlais Shareholder owns (i) an equivalent or greater percentage of AAM Shares than Dowlais Shares at Completion, and (ii) its indirect ownership interest in Dowlais is not therefore reduced as a result of the Combination, taking into account certain constructive ownership rules and the AAM Shares received as consideration in the Combination.

For U.S. Dowlais Shareholders, dividends are generally taxable as ordinary income, subject to any reduced tax rates or deductions provided under the IRC. U.S. Dowlais Shareholders who do not actually or constructively own any AAM Shares immediately prior to the Combination will recognise a capital gain or loss equal to the difference between the amount of cash received and such U.S. holder’s tax basis in the portion of its Dowlais Shares that is exchanged for such cash.

For Non-U.S. Dowlais Shareholders, U.S. Deemed Dividend Tax will be collected via a withholding tax at a 30 per cent. rate (or such lower rate as may be specified by an applicable income tax treaty) from the cash consideration received pursuant to the Combination. To establish whether such withholding is required from the cash consideration paid to each Non-U.S. Dowlais Shareholder, each Non-U.S. Dowlais Shareholder must, if necessary, complete a certificate, in the form to be provided in circumstances where it is necessary, certifying whether or not it meets the requirements for exemption from U.S. Deemed Dividend Tax. The certification process is not standardised, and depends upon information properly flowing through the brokerage network. To the extent relevant, you should consult your retail broker as to the procedures they employ; it is possible that some brokers may be unfamiliar with this process.

Failure by a Non-U.S. Dowlais Shareholder to complete and return such certificate may result in withholding tax at a rate of 30 per cent. (or such lower rate as may be specified by an applicable income tax treaty) on the full amount of the cash payable to such Non-U.S. Dowlais Shareholder.

If excess amounts are withheld from the cash consideration payable to a Non-U.S. Dowlais Shareholder, the Non-U.S. Dowlais Shareholder may obtain a refund of any such excess amounts by timely filing an appropriate claim with the IRS.

Dowlais Shareholders that may be concerned about the application of Section 304 of the IRC and the potential treatment of the cash consideration as a deemed dividend for U.S. federal income tax purposes should take this into account when determining whether to make an election under the Mix and Match Facility to receive different proportions of cash and New AAM Shares in respect of their holdings in Dowlais Shares, which would impact the amount of Dowlais Shares attributed to them after the Combination.

The receipt of consideration in exchange for Dowlais Shares pursuant to the Combination may also be subject, under certain circumstances, to FATCA or other backup withholding with respect to a Dowlais

Shareholder that does not satisfy certain rules with respect to its identity under U.S. or other tax laws applicable to such Dowlais Shareholder.

Each Dowlais Shareholder is urged to consult with legal, tax and financial advisers in connection with making a decision regarding the Combination, including in light of the potential application of Section 304 of the IRC to the Combination.

Forward-looking statements

This Announcement (including information incorporated by reference in this Announcement), oral statements made regarding the Combination, and other information published by AAM and Dowlais contain statements which are, or may be deemed to be, “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are prospective in nature and are not based on historical facts, but rather on assumptions, expectations, valuations, targets, estimates, forecasts and projections of AAM and Dowlais about future events, and are therefore subject to risks and uncertainties which could cause actual results, performance or events to differ materially from those expressed or implied by the forward-looking statements. The forward-looking statements contained in this Announcement include statements relating to the expected effects of the Combination on the AAM Group, the Dowlais Group and the Combined Group, such as the statements about the expected profitable growth, value-enhancing investments, sustainable capital returns and other characteristics of the Combined Group, the expected timing and scope of the Combination and other statements other than historical facts. Often, but not always, forward-looking statements can be identified by the use of forward-looking words such as “plans”, “expects”, “budgets”, “targets”, “aims”, “scheduled”, “estimates”, “forecast”, “intends”, “anticipates”, “seeks”, “prospects”, “potential”, “possible”, “assume” or “believes”, or variations of such words and phrases or statements that certain actions, events or results “may”, “could”, “should”, “would”, “might” or “will” be taken, occur or be achieved. AAM and Dowlais give no assurance that such expectations will prove to be correct. By their nature, forward-looking statements involve risks (known and unknown) and uncertainties (and other factors that are in many cases beyond the control of AAM and/or Dowlais) because they relate to events and depend on circumstances that may or may not occur in the future.

There are a number of factors that could affect the future operations of the AAM Group, the Dowlais Group and/or the Combined Group and that could cause actual results and developments to differ materially from those expressed or implied by such forward-looking statements. These factors include the satisfaction (or, where permitted, waiver) of the Conditions, as well as additional factors, such as: domestic and global business and economic conditions; the impact of pandemics, asset prices; market-related risks such as fluctuations in interest rates and exchange rates, industry trends, competition, changes in government and regulation, changes in the policies and actions of governments and/or regulatory authorities (including changes related to capital and tax), changes in political and economic stability (including exposures to terrorist activities, the UK’s exit from the European Union, Eurozone instability, disruption in business operations due to reorganisation activities, interest rate, inflation, deflation and currency fluctuations), the timing impact and other uncertainties of future or planned acquisitions or disposals or offers, the inability of the Combined Group to realise successfully any anticipated synergy benefits when the Combination is implemented (including changes to the board and/or employee composition of the Combined Group), the inability of the AAM Group to integrate successfully the Dowlais Group’s operations and programmes when the Combination is implemented, the Combined Group incurring and/or experiencing unanticipated costs and/or delays (including IT system failures, cyber-crime, fraud and pension scheme liabilities), or difficulties relating to the Combination when the Combination is implemented. Other unknown or unpredictable factors could affect future operations and/or cause actual results to differ materially from those in the forward-looking statements. Such forward-looking statements should therefore be construed in the light of such factors. It is not possible to foresee or identify all such factors.

Each forward-looking statement speaks only as of the date of this Announcement. Neither the AAM Group nor the Dowlais Group, nor any of their respective associates or directors, officers or advisers, provides any representation, warranty, assurance or guarantee that the occurrence of the events expressed or implied in

any forward-looking statements in this Announcement will actually occur. Forward-looking statements involve inherent risks and uncertainties. All forward-looking statements contained in this Announcement are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. Readers are cautioned not to place undue reliance on these forward-looking statements. Other than in accordance with their legal or regulatory obligations (including, without limitation, under the Code, the UK Market Abuse Regulation, the DTRs and applicable U.S. securities laws), neither the AAM Group nor the Dowlais Group is under or undertakes any obligation, and each of the foregoing expressly disclaims any intention or obligation, to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

For a discussion of important risk factors that could cause AAM's actual results to differ materially from the expectations in the forward-looking statements, see Part I, Item 1A. under the heading "Risk Factors" in its Form 10-K for the fiscal year ended December 31, 2023 and Part II, Item 1A under the heading "Risk Factors" in quarterly reports on Form 10-Q for the quarterly periods ended March 31, 2024, June 30, 2024 and September 30, 2024 filed with the SEC which also contain additional information regarding forward-looking statements with respect to AAM.

Solicitation

This Announcement may be deemed to be solicitation material in respect of the Combination, including the issuance of the New AAM Shares in respect of the Combination. In connection with the foregoing proposed issuance of the New AAM Shares, AAM expects to file the AAM Proxy Statement. To the extent the Combination is effected as a scheme of arrangement under English law, the issuance of the New AAM Shares in connection with the Combination would not be expected to require registration under the U.S. Securities Act, pursuant to an exemption provided by Section 3(a)(10) under the U.S. Securities Act. In the event that AAM exercises its right to elect to implement the Combination by way of a Takeover Offer or otherwise determines to conduct the Combination in a manner that is not exempt from the registration requirements of the U.S. Securities Act, AAM expects to file a registration statement with the SEC containing a prospectus with respect to the New AAM Shares that would be issued in the Combination. Investors and shareholders are urged to read the AAM Proxy Statement, the Scheme Document, and other relevant documents filed or to be filed with the SEC or incorporated by reference in the AAM Proxy Statement (if any) carefully when they become available because they will contain important information about AAM, the Combination and related matters. Investors and shareholders will be able to obtain free copies of the AAM Proxy Statement, the Scheme Document, and other documents filed by AAM with the SEC at the SEC's website at www.sec.gov. In addition, investors and shareholders will be able to obtain free copies of the AAM Proxy Statement, the Scheme Document, and other documents filed by AAM with the SEC at www.aam.com/investors.

Participants in the Solicitation

AAM and its directors, executive officers and certain other members of management and employees will be participants in the solicitation of proxies from AAM's Shareholders in respect of the Combination, including the proposed issuance of New AAM Shares. Information regarding AAM's directors and executive officers is contained in the Annual Report on Form 10-K for the fiscal year ended 31 December 2023 of AAM, which was filed with the SEC on 16 February 2024, the definitive proxy statement on Schedule 14A for the 2024 annual meeting of stockholders of AAM, which was filed with the SEC on 21 March 2024 and the Current Report on Form 8-K of AAM, which was filed with the SEC on May 2, 2024. Additional information regarding the identity of participants, and their direct or indirect interests, by security holdings or otherwise, will be set forth in the AAM Proxy Statement relating to the Combination when it is filed with the SEC. To the extent holdings of AAM's securities by its directors or executive officers change from the amounts set forth in the AAM Proxy Statement, such changes will be reflected on Initial Statements of Beneficial Ownership on Form 3 or

Statements of Change in Ownership on Form 4 filed with the SEC. These documents may be obtained free of charge from the SEC's website at www.sec.gov and AAM's website at www.aam.com/investors.

Other than the AAM FY24 Profit Estimate and the Dowlais FY24 Profit Estimate, nothing in this Announcement (including any statement of estimated cost savings or synergies) is intended, or is to be construed, as a profit forecast or profit estimate for any period or to be interpreted to mean that earnings or earnings per share for AAM or Dowlais for the current or future financial years, will necessarily match or exceed the historical published earnings or earnings per share for AAM or Dowlais, as appropriate.

Statements of estimated costs savings and synergies relate to future actions and circumstances which, by their nature, involve risks, uncertainties and contingencies. As a result, the costs savings and synergies referred to in the Quantified Financial Benefits Statement may not be achieved, may be achieved later or sooner than estimated, or those achieved could be materially different from those estimated. No statement in the Quantified Financial Benefits Statement, or this Announcement generally, should be construed as a profit forecast or interpreted to mean that the Combined Group's earnings in the first full year following the Effective Date, or in any subsequent period, would necessarily match or be greater than or be less than those of AAM or Dowlais for the relevant preceding financial period or any other period. For the purposes of Rule 28 of the Code, the Quantified Financial Benefits Statement contained in this Announcement is the responsibility of AAM and the AAM Directors.

RECOMMENDED CASH AND SHARE COMBINATION

OF

DOWLAIS GROUP PLC (“DOWLAIS”)

WITH

AMERICAN AXLE & MANUFACTURING HOLDINGS, INC. (“AAM”)

1. Introduction

The boards of AAM and Dowlais are pleased to announce that they have reached agreement on the terms of a recommended cash and share offer to be made by AAM for the entire issued and to be issued ordinary share capital of Dowlais (the “**Combination**”). It is intended that the Combination will be implemented by way of a Court-sanctioned scheme of arrangement under Part 26 of the Companies Act.

2. The Combination

Under the terms of the Combination, which will be subject to the conditions set out below and in Appendix 1 to this Announcement and to the full terms and conditions which will be set out in the Scheme Document, each Dowlais Shareholder will be entitled to receive:

for each Dowlais Share held: 0.0863 New AAM Shares;

42 pence in cash; and

up to 2.8 pence in the form of a final cash dividend to be paid (subject to the approval of the Dowlais Board) prior to Completion

Pursuant to the consideration payable in connection with the Combination, each Dowlais Shareholder will be entitled to receive the payment of a final cash dividend by Dowlais of up to 2.8 pence for each Dowlais Share (the “**FY24 Final Dividend**”) to be paid (subject to the approval of the Dowlais Board) in line with Dowlais’ ordinary course 2024 financial year dividend calendar without any reduction of the consideration payable under the terms of the Combination.

AAM reserves the right to reduce the consideration payable in respect of each Dowlais Share under the terms of the Combination to the extent that the FY24 Final Dividend exceeds 2.8 pence per Dowlais Share. If any dividend or other distribution is announced, declared, made or paid, or becomes payable, in respect of Dowlais Shares on or after the date of this Announcement and before the Effective Date, other than the FY24 Final Dividend or any repurchases of Dowlais Shares by Dowlais pursuant to the Buyback Programme, AAM reserves the right to reduce the consideration payable in respect of each Dowlais Share by the amount of all or part of any such dividend or other distribution. If AAM exercises

this right or makes such a reduction in respect of a dividend, other distribution or return of capital that has not been paid, Dowlais Shareholders will be entitled to receive and retain that dividend, other distribution or return of capital. From the date of this Announcement until the Effective Date, AAM is not permitted to announce, declare, make or pay any dividend, other distribution or return of capital and, if AAM does not comply with this restriction, Dowlais shall be entitled (at its sole discretion) to declare and pay an equalising dividend to Dowlais Shareholders, without any consequential reduction to the consideration. Further details are set out in paragraph 13 (*Dividends*).

The terms of the Combination represent a total implied value of 85.2 pence per Dowlais Share, based on the Closing Price of \$5.82 for each AAM Share and £/US\$ exchange rate of 1.2434 on 28 January 2025 (being the close of business on the last Business Day before the date of this Announcement), the terms of the Combination (including the FY24 Final Dividend).

Immediately following Completion, it is expected that the Dowlais Shareholders will own approximately 49 per cent., and AAM Shareholders will own approximately 51 per cent., of the issued and outstanding capital stock of the Combined Group, with Dowlais Shareholders benefiting from up-front cash consideration and the opportunity to participate in the anticipated future value accretion of the Combined Group.

David C. Dauch will serve as the Chairman and Chief Executive Officer of the Combined Group. In addition, Roberto Fioroni (Chief Financial Officer, Dowlais), Helen Redfern (Chief People, Sustainability and Communications Officer, Dowlais), Markus Bannert (Chief Executive Officer, GKN Automotive), and Jean-Marc Durhuis (Chief Executive Officer, GKN Powder Metallurgy), will be invited to join existing AAM executives as part of the senior executive management team of the Combined Group. It is also expected that Simon Mackenzie Smith (Chair, Dowlais) and Fiona MacAulay, who currently serve on the Dowlais Board, will join the Board of AAM following completion of the Combination.

The terms of the Combination (including the FY24 Final Dividend) value the entire issued and to be issued ordinary share capital of Dowlais at approximately £1.16 billion on a fully diluted basis and represent a premium of approximately:

- 25 per cent. to the Closing Price of 68 pence for each Dowlais Share as at the close of business on 28 January 2025 (being the last Business Day before the date of this Announcement);
- 45 per cent. to the volume-weighted average price of 59 pence for each Dowlais Share for the three-month period ended on 28 January 2025 (being the last Business Day before the date of this Announcement); and
- 46 per cent. to the volume-weighted average price of 59 pence for each Dowlais Share for the six-month period ended on 28 January 2025 (being the last Business Day before the date of this Announcement).

The terms represent an implied enterprise value multiple of approximately 4.1 times Dowlais' adjusted EBITDA for the 12-month period ended 31 December 2023, and 3.0 times when including full run rate cost synergies.

A Mix and Match Facility will also be made available to Dowlais Shareholders in order to enable them to elect, subject to off-setting elections, to vary the proportions in which they receive cash and New AAM Shares in respect of their holdings in Dowlais Shares. However, the total number of New AAM Shares to be issued and the maximum aggregate amount of cash to be paid under the terms of the Combination will not be varied as a result of elections under the Mix and Match Facility. Further details in respect of the Mix and Match Facility are set out in paragraph 5 (*Mix and Match Facility*) of this Announcement.

The Combination is expected to be effected by means of a Court-sanctioned scheme of arrangement between Dowlais and Scheme Shareholders under Part 26 of the Companies Act, although AAM reserves the right to elect to implement the Combination by way of a Takeover Offer.

It is expected that the Scheme Document, containing further information about the Combination (including the expected timetable for the Combination and how Dowlais Shareholders can hold, access and trade their interests in New AAM Shares), together with notices of the Court Meeting and General Meeting, the Forms of Proxy and the Forms of Election in relation to the Mix and Match Facility will be posted to Dowlais Shareholders in May or June 2025. The extended period until publication of such documentation in relation to the Combination has been agreed with the Panel and Dowlais and is to allow the Scheme Document to be published at or around the same time as the mailing of the AAM Proxy Statement following publication of the annual results of both AAM and Dowlais for the year ended 31 December 2024 and allowing for any SEC review period of the AAM Proxy Statement (if required).

Shareholders' attention is drawn to the section entitled "High-Level U.S. Federal Income Tax Consequences" in this Announcement. The Scheme Document will contain details on the potential application of section 304 of the U.S. Internal Revenue Code (IRC), and the potential resulting U.S. withholding tax at a rate of up to 30 per cent. to the cash consideration received pursuant to the Combination, and will provide information for Dowlais Shareholders on how to certify whether or not it meets the requirements for exemption from U.S. Deemed Dividend Tax (and therefore potentially not be subject to such withholding tax), as described further below in the section entitled "High-Level U.S. Federal Income Tax Consequences".

Subject to the satisfaction or, where permitted, waiver of all relevant conditions, including the Conditions, and certain further terms set out in Appendix 1 to this Announcement and to be set out in the Scheme Document, and subject to the approval and availability of the Court, it is expected that the Scheme will become Effective in 2025.

The Combination will be subject to the Conditions and certain further terms set out in Appendix 1 to this Announcement, including, among other things: (i) the approval of Scheme Shareholders at the Court Meeting and the passing of the Resolutions relating to the Scheme by Dowlais Shareholders at the General Meeting; (ii) the sanction of the Scheme by the Court; (iii) the receipt of certain antitrust and other regulatory approvals; (iv) the Scheme becoming Effective no later than the Long Stop Date; (v) the amendment to AAM's certificate of incorporation to increase the number of authorised AAM Shares and the issuance of the New AAM Shares in connection with the Combination being duly approved by the affirmative vote of the holders of a majority in voting power of the AAM Shares entitled to vote thereon at the AAM Shareholder Meeting; and (vi) confirmation having been received by AAM that the New AAM Shares have been approved for listing, subject to official notice of issuance, on the New York Stock Exchange. In order to become Effective, the Scheme must be approved by a majority in number representing not less than 75 per cent. in value of the Scheme Shareholders (or the relevant class or classes thereof, if applicable) in each case present, entitled to vote and voting, either in person or by proxy, at the Court Meeting and at any separate class meeting which may be required by the Court or at any adjournment of such meeting.

Dowlais Shares will be acquired by AAM fully paid and free from all liens, equitable interests, charges, encumbrances, rights of pre-emption and any other third party rights or interests whatsoever and together with all rights existing at the date of this Announcement or thereafter attaching thereto, including (without limitation) the right to receive and retain, in full, all dividends and other distributions (if any) declared, made or paid or any other return of capital (whether by way of reduction of share capital or share premium account or otherwise) made on or after the date of this Announcement in respect of Dowlais Shares, other than the FY24 Final Dividend or any repurchases of Dowlais Shares by Dowlais pursuant to the Buyback Programme.

As a result of the Combination, the Dowlais Directors have taken the decision to terminate the Buyback Programme previously announced.

AAM and Dowlais have agreed certain arrangements whereby the consideration per Dowlais Share may be increased should certain shares in Dowlais be cancelled for nil consideration prior to the Effective Date as set out in paragraph 21 (*Melrose ESOT*), without increasing the total consideration payable by AAM pursuant to the Combination.

3. **Background to and reasons for the Combination**

AAM and Dowlais are leading global tier-one automotive suppliers specialising in driveline and metal forming technologies for internal combustion, electric and hybrid vehicles. The combination of AAM and Dowlais will create a leading global manufacturer with the scale, product portfolio, technology and global diversification required to lead and innovate in a transitioning business environment.

The AAM Directors believe that the Combined Group will benefit from a more diversified business model across both customers and geographies as well as the significant synergies arising from the combination of AAM and Dowlais. This model will feature a robust cash-generative financial profile, a strong balance sheet, and a more competitive and margin enhancing position than the standalone businesses, enabling continued innovation, growth, and long-term value creation for shareholders as the industry transitions to alternate propulsion technologies.

The Combination will bring together two companies with highly complementary customer bases, geographic footprints, powertrain-agnostic product portfolios, and manufacturing operations. It will benefit from a best-of-best management team and the significant leadership depth present in both organisations.

The Combination offers shareholders the opportunity to participate in future value creation unlocked through the delivery of these cost synergies.

Key features of the Combined Group:

- **Leading global driveline and metal-forming supplier with significant size and scale** - AAM and Dowlais expect that the Combined Group will benefit from greater scale and diversification, which brings numerous benefits including: financial and operational resilience, enabling the business to adapt to demand fluctuations and macroeconomic events; strengthened relationships with customers and other industry stakeholders; a competitive cost base driven by economies of scale; pooled resources for R&D and investment, including EV transition and new technologies; and increased agility and flexibility in a dynamic, fast-moving industry.
- **Comprehensive powertrain-agnostic product portfolio with leading technology** - The Combination will create an industry-leading portfolio of products across a broad range of automotive segments, supporting internal combustion engine (ICE), hybrid and electric powertrains. The metal forming and powder metallurgy product groups will provide both vertical integration capabilities and further diversification beyond the auto industry. The Combined Group will benefit from enhanced scale to fund investments in future innovation in its powertrain-agnostic product portfolio.
- **Diversified customer base with expanded and balanced geographic presence** - The Combined Group will be a truly global supplier, serving a wide range of vehicles with a well-diversified and complementary customer base. Additionally, the Combined Group will benefit from a more balanced regional presence. AAM's position in pickup trucks and SUVs and Dowlais' position across multiple other vehicle segments globally create an attractive business portfolio. The combined businesses also have strong foundations to serve the large and growing Chinese vehicle market, in particular with emerging domestic Chinese OEMs that are positioned for global growth. As a result, the Combined

Group will be well-positioned to support and profitably participate in the transition to alternate propulsion technologies in all regions.

- **Compelling industrial logic with ~\$300 million of synergies** - The complementary nature of AAM's and Dowlais' businesses will enable the creation of significant, annual run rate cost synergies of approximately \$300 million, expected to be substantially achieved by the end of the third year after Completion. The AAM management team has a proven acquisition track record, having successfully integrated and delivered significant cost synergy value through the acquisitions of Metaldyne Performance Group and Tekfor Group. Additionally, the Dowlais management team has demonstrated a proven track record of restructuring resulting in operational improvements.
- **High margins, with strong earnings accretion, cash flow and balance sheet** - The Combined Group's enhanced customer, geographic, and product diversification supports a best-in-class financial profile with clear opportunities for improved profitability. The Combination results in an attractive financial profile within the automotive supplier landscape, with revenue of approximately \$12 billion and Adjusted EBITDA margins of approximately 14 per cent. (inclusive of run rate synergies). Based on the terms of the Combination, the Combined Group's day-one net leverage is expected to be approximately 2.5 times (inclusive of full run rate synergies). AAM's capital allocation policy will prioritise debt repayment whilst supporting organic growth until net leverage is below 2.5 times, at which point AAM intends to move to a more balanced capital allocation policy.

4. Financial benefits of the Combination

Quantified cost synergies

The AAM Directors, having reviewed and analysed the potential cost synergies of the Combination, and considering the factors they can influence, are highly confident in the Combined Group's ability to realise approximately \$300 million of annual run rate cost synergies, expected to be substantially achieved by the end of the third year following Completion.

The quantified cost synergies, expected to originate from the cost bases of AAM and Dowlais, are anticipated to be realised primarily from:

- **SG&A** - approximately 30 per cent. across the following sources:
 - Eliminating duplicate public company costs and other costs;
 - Optimisation of the combined workforce;
 - Streamlining of engineering, research, and development expenses; and
 - Elimination of duplicate business and technical offices.
- **Purchasing** - approximately 50 per cent. across the following sources:
 - Leveraging enhanced economies of scale and spend to reduce supply costs;
 - Utilising vertical integration capabilities to deliver insourcing initiatives; and
 - Achieving global freight and logistical savings through increased scale, utilisation and benefits from third-party logistics suppliers.
- **Operations** - approximately 20 per cent. across the following sources:
 - Increasing operating efficiencies through the implementation of a best-of-best operating system; and
 - Optimising the combined global manufacturing footprint.

The AAM Directors expect that approximately 60 per cent. of the annual run rate cost synergies will be realised by the end of the second year following Completion, and the full run rate cost savings are expected to be substantially achieved by the end of the third year following Completion.

The AAM Directors expect that the one-off costs required to deliver on the synergy plan are approximately equal to one year of full run rate savings.

In addition, the AAM Directors expect an increase in operating working capital of approximately \$13 million required to deliver identified run rate freight and logistics synergies.

The synergy savings stated are net of anticipated dis-synergies (expected to be approximately \$22 million).

The expected synergies will accrue as a direct result of the Combination and would not be achieved on a standalone basis.

These statements of estimated cost savings and synergies relate to future actions and circumstances which, by their nature, involve risks, uncertainties and contingencies. As a result, the cost savings and synergies referred to herein may not be achieved, may be achieved later or sooner than estimated, or those actually achieved could be materially different from those estimated. For the purposes of Rule 28 of the Code, the statements of estimated cost savings and synergies contained in this Announcement are solely the responsibility of AAM and the AAM Directors. Any statement of intention, belief or expectation for the Combined Group following the Effective Date is also an intention, belief or expectation of the AAM Directors and not of the Dowlais Directors.

These statements are not intended as a profit forecast or profit estimate for any period and should not be interpreted as such. No part of these statements, or this Announcement generally, should be construed or interpreted to mean that the Combined Group's earnings in the first year following the Effective Date, or in any subsequent period, would necessarily match or be greater than or be less than those of AAM and/or Dowlais for the relevant preceding financial period or any other period.

Appendix 6 to this Announcement includes a copy of these statements of anticipated cost savings and synergies arising out of the Combination and provides underlying information and bases of belief and calculation.

Appendix 6 to this Announcement also includes reports from AAM's reporting accountant, Deloitte, and its financial adviser, J.P. Morgan Cazenove, in connection with the anticipated Quantified Financial Benefits Statement, as required pursuant to Rule 28.1(a) of the Code, and provides underlying information and bases for the reporting accountant's and financial adviser's respective reports. J.P. Morgan Cazenove, as financial adviser to AAM, has provided such a report for the purposes of the Code stating that, in their opinion and subject to the terms of the report, the Quantified Financial Benefits Statement, for which the AAM Directors are responsible, has been prepared with due care and consideration. Each of Deloitte and J.P. Morgan Cazenove has given and not withdrawn its consent to the publication of its report in this Announcement in the form and context in which it is included.

5. Mix and Match Facility

Dowlais Shareholders may elect, subject to availability, to vary the proportions in which they receive cash and New AAM Shares in respect of their holdings in Dowlais Shares. However, the total number of New AAM Shares to be issued and the maximum aggregate amount of cash to be paid under the terms of the Combination will not be varied as a result of elections under the Mix and Match Facility. Accordingly, satisfaction of elections made by Dowlais Shareholders under the Mix and Match Facility will depend on the extent to which other Dowlais Shareholders make offsetting elections.

To the extent that elections cannot be satisfied in full, they will be scaled down on a pro rata basis. As a result, those Dowlais Shareholders who make an election under the Mix and Match Facility will not necessarily know the exact number of New AAM Shares or the amount of cash they will receive until settlement of the consideration due to them under the terms of the Combination. The Mix and Match Facility is conditional upon the Combination becoming Effective.

Elections under the Mix and Match Facility will not affect the entitlements of those Dowlais Shareholders who do not make such elections.

Further details in relation to the Mix and Match Facility will be contained in the Scheme Document.

6. Recommendation

The Dowlais Directors, who have been so advised by Barclays and Rothschild & Co as to the financial terms of the Combination, consider the terms of the Combination to be fair and reasonable. In providing their financial advice to the Dowlais Directors, Barclays and Rothschild & Co have taken into account the commercial assessments of the Dowlais Directors. Barclays and Rothschild & Co are providing independent financial advice to the Dowlais Directors for the purposes of Rule 3 of the Code.

Accordingly, the Dowlais Directors intend to recommend unanimously that Scheme Shareholders vote in favour of the Scheme at the Court Meeting and Dowlais Shareholders vote in favour of the Resolutions to be proposed at the General Meeting (or in the event that the Combination is implemented by way of a Takeover Offer, that Dowlais Shareholders accept or procure acceptance of such Takeover Offer) (the “**Intention to Recommend**”) as the Dowlais Directors who hold Dowlais Shares have irrevocably undertaken to do in respect of their entire beneficial holdings of 3,864,429 Dowlais Shares, in aggregate, representing approximately 0.3 per cent. of the issued ordinary share capital of Dowlais as at 28 January 2025 (being the last Business Day before the date of this Announcement). Further details of these irrevocable undertakings are set out at Appendix 3 to this Announcement.

For the avoidance of doubt, as described in paragraph 21 (*Melrose ESOT*), there can be no certainty that certain shares in Dowlais will be cancelled for nil consideration prior to the Effective Date with a resulting increase to the consideration per Dowlais Share under the terms of the Combination as set out in paragraph 21 (*Melrose ESOT*), and the Intention to Recommend as set out above is based solely on the terms of the Combination as at the date of this Announcement, and the financial advice received by the Dowlais Directors has been given on that basis.

The AAM Directors have unanimously approved the Combination and intend to recommend that AAM Shareholders vote in favour of the amendment to AAM’s certificate of incorporation to increase the number of authorised AAM Shares and the issuance of the New AAM Shares in connection with the Combination. J.P. Morgan has acted as financial adviser to AAM in relation to the Combination.

7. Background to and reasons for the recommendation

Dowlais is a specialist engineering group focused on the automotive sector. Since its listing in April 2023, Dowlais has made strong progress on its strategy to accelerate its transition to a power-agnostic business model and has continued to deliver operational and performance improvements despite a challenging market environment.

The Dowlais Directors remain fully confident that Dowlais will continue to execute successfully on its strategic priorities, leaving it better positioned to navigate market volatility and deliver sustainable, profitable growth and cash generation.

While the Dowlais Directors did not solicit an offer for Dowlais, the Dowlais Directors remain focused on maximising the full value of the Dowlais for the benefit of its shareholders by considering all available options. In contemplating the merits of the Combination for shareholders, the Dowlais Board, has considered carefully a number of factors including:

- a compelling strategic rationale, creating a Combined Group with enhanced scale, highly complementary product portfolio, technological expertise, industrial footprint and global diversification to compete in a dynamic and changing business environment;
- the opportunity for significant value creation from synergies resulting from the consolidation of two leading businesses with market leading capabilities;
- a combined leadership team blending the best talent from both businesses;
- a highly complementary portfolio of driveline products – sids shafts, prop shafts, AWD systems, axles for ICE vehicles and EVs;
- a sophisticated metal forming components capability – forging, machining, casting and sintering, providing a perfect strategic fit for Powder Metallurgy to drive external growth;
- continued volatility in the automotive industry as the global transition to electrified mobility varies by region leading to continued uncertainty of industry volumes, customer mix and future technology needs; and
- an assessment of the value that could potentially be unlocked for the benefit of Dowlais shareholders through a sale of Dowlais’ GKN Powder Metallurgy business, as evaluated through the strategic review announced at the Half Year Results on 13 August 2024.

In assessing the Combination, the Dowlais Directors have focused on both the near-term and long-term value that the Combination is expected to deliver to Dowlais Shareholders as well as the implications for Dowlais’ stakeholders.

The Dowlais Directors believe that the Combination represents an attractive opportunity to accelerate the realisation of shareholder value through the establishment of a global, diversified automotive supplier, better-positioned together to navigate both the short-term challenges and long-term market dynamics in the automotive sector.

The Dowlais Directors believe that the Combination is based on a compelling strategic, industrial and financial rationale, including:

- combining two world-class businesses that are aligned strategically, culturally and geographically, to create a global automotive supplier, with the enhanced scale, and the product portfolio, manufacturing footprint and technology required to compete in a dynamic market environment;
- building greater resilience through increased global scale and product diversification;
- creating the necessary financial strength to accelerate investment in new products and technologies;
- enhancing the opportunity to leverage combined knowhow to better serve customers’ needs and secure new business;

- offering a highly complementary portfolio of products across a broad range of automotive segments, supporting ICE, hybrid and electric powertrains in multiple geographies with a diversified customer base;
- unlocking meaningful cost synergies for the Combined Group; and
- resulting in a Combined Group with a strong balance sheet supported by a strong and attractive cash profile.

In considering the terms of the Combination and determining whether they reflected an appropriate valuation of Dowlais and its future prospects, the Dowlais Directors took into account a number of factors, including:

- that consideration in New AAM Shares provides Dowlais Shareholders with the ability to remain fully invested in the Combined Group through Dowlais Shareholders owning approximately 49 per cent of the Combined Group;
- the terms of the Combination represent a total implied value of 85.2 pence per Dowlais share, based on the Closing Price of \$5.82 for each AAM Share and £/US\$ exchange rate of 1.2434 on 28 January 2025 (being the close of business on the last Business Day before the date of this Announcement); and
- the opportunity for Dowlais Shareholders to participate in the anticipated value creation from the substantial synergies which are expected to be delivered through the Combination and accrue to the shareholders of the Combined Group.

The Dowlais Directors believe that Dowlais has a clear and compelling standalone strategy that would continue to deliver shareholder value, however it is their belief that the proposed Combination would accelerate shareholder value creation through the combination of both the immediate premium and the opportunity to continue to participate in the long term prospects of the Combined Group.

In considering the Combination, the Dowlais Directors have taken into account AAM's stated intentions for the business and its employees as set out in paragraph 3 (*Background to and reasons for the Combination*) and paragraph 12 (*Strategic plans and intentions with regard to management, employees, pensions and places of business*).

Following careful and thorough consideration of the financial terms of the Combination, the strategic rationale and the anticipated financial benefits of the Combination, including the above factors, the Dowlais Directors intend to recommend unanimously that Dowlais Shareholders vote, or procure voting, in favour of the Scheme at the Court Meeting and the Resolutions to be proposed at the Dowlais General Meeting.

Dowlais plans to announce its full year results on 5 March 2025.

12. Strategic plans and intentions with regard to management, employees, pensions and places of business

Board, management team and employees of the Combined Group

AAM recognises and greatly respects the expertise and experience of Dowlais' management and employees. Consequently, AAM places significant importance on the continued contributions of Dowlais' employees to the success of the Combined Group following completion of the Combination. AAM intends to integrate the businesses and blend the management teams to ensure that management experience and expertise is retained for the benefit of the Combined Group as a whole.

David C. Dauch will serve as the Chairman and Chief Executive Officer of the Combined Group. In addition, Roberto Fioroni (Chief Financial Officer, Dowlais), Helen Redfern (Chief People, Sustainability and Communications Officer, Dowlais), Markus Bannert (Chief Executive Officer, GKN Automotive), and Jean-Marc Durbuis (Chief Executive Officer, GKN Powder Metallurgy) will be invited to join existing AAM executives as part of the senior executive management team of the Combined Group, in roles to be confirmed. In addition, there has been no discussion of incentivisation arrangements for these or other members of Dowlais' senior management team.

It is also expected that Simon Mackenzie Smith (Chair, Dowlais) and Fiona MacAulay, who currently serve on the Dowlais Board, will join the Board of AAM following completion of the Combination.

At the same time, AAM intends to optimise the structure of the Combined Group to achieve the anticipated benefits of the Combination. Preliminary evaluations suggest that annual run rate cost synergies of approximately \$300 million are expected to be substantially achieved by the end of the third full year following completion of the Combination. These synergies would be achieved through efficiencies across SG&A, procurement, and operational efficiencies.

While no decisions have been taken, following the synergy analysis AAM intends a headcount reduction potentially up to approximately 2.5 per cent. of the total Combined Group workforce. Any headcount reduction would emphasise the best-in-class approach AAM intends to take and, therefore, the impact as between employees of the AAM Group and Dowlais Group will be determined as part of integration. This expected reduction primarily involves: (i) duplicative corporate, head office, administrative and senior management positions across AAM's and Dowlais' respective businesses; and (ii) potential consolidation of certain manufacturing and R&D facilities, as further referenced below. Provisionally, AAM has identified approximately 500 roles across the Combined Group (which is inclusive of the approximately 70 positions referred to below as a result of overlap within the R&D functions) that appear to be duplicative, representing approximately 1 per cent. of the combined workforce. Additionally, with respect to potential facility consolidation and operating improvements, AAM intends to make further headcount reductions potentially up to an additional headcount reduction of approximately 750 positions, representing approximately 1.5 per cent. of the total combined workforce.

The finalisation and implementation of any headcount reductions will be subject to comprehensive planning and appropriate engagement with stakeholders, including any required information and consultation processes with any affected employees and any applicable employee representative bodies. Any affected individuals will be treated in a manner consistent with AAM's and Dowlais' high standards, culture and practices and in compliance with all applicable laws. AAM intends to approach

employee and management integration with the aim of retaining and motivating the best talent across the Combined Group to create a best-in-class organisation.

As set out in the Cooperation Agreement, AAM has agreed that there will be no material changes to the remuneration or conditions of employment of Dowlais employees for a period of 12 months following the Combination. However, AAM does intend to review the alignment of the remuneration and incentivisation arrangements between employees and management of the Combined Group as part of its longer term integration planning. This review will also cover other policies within the Combined Group, with a view to potentially harmonising these arrangements for employees and management across the Combined Group, particularly those in equivalent positions, over time as is appropriate and where possible. The finalisation and implementation of any such harmonisation will be subject to comprehensive planning and appropriate engagement with stakeholders, including any required information and consultation processes with any affected employees and applicable employee representative bodies.

AAM acknowledges the importance and value of Dowlais' employee share-based incentive arrangements as further detailed at paragraph 17 (*Dowlais Share Plans*). In due course, participants in those arrangements will be contacted regarding the effect of the Combination on their outstanding awards. Details of the effect of the Combination on outstanding awards will also be set out in the Scheme Document. Additionally, AAM intends, following the completion of the Combination, to extend AAM's share-based incentive arrangements to relevant Dowlais' employees on a basis consistent with arrangements for equivalent employees of AAM, considering their expected roles within the Combined Group.

Headquarters, headquarter functions, locations and fixed assets

The Combined Group will have its global headquarters in Detroit, Michigan, U.S. Consequently, it is anticipated that following completion of the Combination and a subsequent orderly handover of activities as part of the wider integration, Dowlais' current headquarters office in London, U.K., would be closed at the appropriate time, subject to appropriate engagement with stakeholders, including any required information and consultation processes with affected employees regarding relocation or severance. In addition, the Combined Group will continue to have business offices in each major region of the world.

Following completion of the Combination, AAM intends to evaluate the business, technical, and manufacturing locations and fixed assets of both AAM and Dowlais to optimise the performance of the Combined Group. In conducting such evaluation AAM will look to maximise synergies whilst taking a best of both approach. This evaluation is expected to result in the rationalisation of certain sites currently operated by AAM and/or Dowlais. To the extent any rationalisation results in a headcount reduction, AAM intends to adopt a best-in-class approach to reflect the functions and roles going forward at each location.

AAM has not been able to carry out in-person site visits at Dowlais' manufacturing facilities, nor does it have sufficiently detailed plant-level information relating to capacity, utilisation, capabilities and available site space, and therefore has been unable to make definitive plans with respect to specific manufacturing locations. Preliminary analysis suggests that optimising the Combined Group's existing footprint would, in addition to the consolidation of R&D facilities mentioned below, potentially involve the closure or combination of some manufacturing facilities globally, although the specific number and locations have not yet been identified. It is expected any consolidation will be done on a business unit and regional basis. All business location rationalisation will be implemented in accordance with applicable law, be subject to comprehensive planning and appropriate engagement with stakeholders, including any required information and consultation processes with any affected employees and applicable employee representative bodies.

The headcount reduction resulting from the foregoing consolidations is included in the 2.5 per cent. headcount reduction referred to above.

Innovation, research and development

AAM values the historic and ongoing investment that Dowlais has made in its technology, as well as the infrastructure and expertise within the Dowlais Group to maintain and enhance its existing customer offerings. AAM is dedicated to being at the forefront of development within the industry, and as such believes that the Combined Group's research and development (R&D) capability is integral to its strategy for long-term sustainable growth and the success of the Combined Group. This involves driving the pace of innovation by employing the best talent and committing meaningful investments to create and expand future opportunities. AAM's board and management believe that combining AAM and Dowlais' R&D capabilities will enable the development of innovative solutions to support internal combustion engine (ICE), hybrid and electric powertrains.

While AAM intends to retain Dowlais' R&D capabilities, it is expected that, following completion of the Combination, at an appropriate time Dowlais' existing facilities in Auburn Hills, Michigan, which house R&D and other functions, will be consolidated into AAM's advanced design and technical centre which is adjacent to AAM's global headquarters in Detroit, Michigan, and its facility in Rochester Hills, Michigan, both of which are in close proximity to Auburn Hills. Such integration will involve comprehensive planning and appropriate engagement with employees and other stakeholders.

It is also expected that there will be a headcount reduction of approximately 70 positions globally within the R&D functions of the Combined Group because of overlapping projects, activities and management teams as well as certain operating efficiencies inclusive of any headcount reduction resulting from consolidation of the R&D facilities in Michigan. This expected headcount reduction is included within the 2.5 per cent. referenced above. Consistent with AAM's intended approach to headcount reductions across the Combined Group the headcount reductions in R&D will be conducted with the aim of retaining the best talent across the Combined Group.

Pensions

AAM does not intend to make any changes to the agreed employer contributions into Dowlais' existing defined benefit and defined contribution pension schemes. This includes maintaining the current arrangements for funding Dowlais' defined benefit pension schemes, the level of benefits for existing members, and the admission of new members to these pension schemes following the Effective Date.

AAM has entered into discussions with the trustee of the Dowlais' U.K. pension schemes. The trustee has confirmed that, based on the information provided by AAM thus far and the representations made to date, it has no reason to believe that the Combination would have a material adverse effect on the employer covenant or likelihood of benefits being received. Additionally, AAM has agreed to maintain an open dialogue with the trustee in relation to any future changes that might affect the covenant supporting Dowlais' U.K. pension schemes.

Other items

As part of the Combination, any AAM Shares issued to Dowlais Shareholders will be authorised for primary listing on the New York Stock Exchange.

The Dowlais Shares are currently admitted to the equity shares (commercial companies) category of the Official List and to trading on the Main Market of the London Stock Exchange and, as set out in paragraph 19 (*Cancellation of admission to listing and re-registration as a private company*), before the Effective Date, an application shall be made to the FCA and the London Stock Exchange to cancel such admissions to listing and trading, to take effect on the Business Day following the Effective Date. Dowlais is also expected to be re-registered as a private company on or after the Effective Date.

No statements in this paragraph 12 (*Strategic plans and intentions with regard to management, employees, pensions and places of business*) constitute "post-offer undertakings" for the purposes of Rule 19.5 of the Code.

13. Dividends

In addition to the consideration payable in connection with the Combination, each Dowlais Shareholder will be entitled to receive the payment of a final cash dividend by Dowlais of up to 2.8 pence for each Dowlais Share (the "**FY24 Final Dividend**") (to be paid (subject to the approval of the Dowlais Board) as part of Dowlais' ordinary course 2024 financial year dividend calendar) without any reduction of the consideration payable under the terms of the Combination.

AAM reserves the right to reduce the consideration payable in respect of each Dowlais Share under the terms of the Combination to the extent that the FY24 Final Dividend exceeds 2.8 pence per Dowlais Share. If any dividend or other distribution is announced, declared, made or paid, or becomes payable, in respect of Dowlais Shares on or after the date of this Announcement and before the Effective Date, other than the FY24 Final Dividend or any repurchases of Dowlais Shares by Dowlais pursuant to the Buyback Programme, AAM reserves the right to reduce the consideration payable in respect of each Dowlais Share by the amount of all or part of any such dividend or other distribution. If AAM exercises this right or makes such a reduction in respect of a dividend, other distribution or return of capital that has not been paid, Dowlais Shareholders will be entitled to receive and retain that dividend, other distribution or return of capital.

From the date of this Announcement until the Effective Date, AAM is not permitted to announce, declare, make or pay any dividend, other distribution or return of capital and, if AAM does not comply with this restriction, Dowlais shall be entitled (at its sole discretion) to declare and pay an equalising dividend to Dowlais Shareholders, without any consequential reduction to the consideration.

Further details on these arrangements can be found in Clause 3 of the Co-operation Agreement and will be set out in the Scheme Document.

14. Irrevocable undertakings

AAM has received irrevocable undertakings to vote in favour (or procure a vote in favour) of the Scheme at the Court Meeting and the Resolutions to be proposed at the General Meeting from those Dowlais Directors who hold Dowlais Shares in respect of their own beneficial shareholdings, totalling 3,864,429 Dowlais Shares representing approximately 0.3 per cent. of the issued ordinary share capital of Dowlais as at 28 January 2025, being the last Business Day before the date of this Announcement.

Further details of these irrevocable undertakings are set out in Appendix 3 to this Announcement.

15. Financing of the Combination

Concurrently with this Announcement, AAM and certain of its subsidiaries entered into (i) a Credit Agreement (the "**Backstop Credit Agreement**") with the lenders party thereto and JPMorgan Chase Bank N.A., as administrative agent, (ii) a First Lien Bridge Credit Agreement (the "**First Lien Bridge Credit Agreement**") with the lenders party thereto and JPMorgan Chase Bank N.A., as administrative agent and (iii) a Second Lien Bridge Credit Agreement (the "**Second Lien Bridge Credit Agreement**") and together with the First Lien Bridge Credit Agreement, the "**Bridge Credit Agreements**") with the lenders party thereto and JPMorgan Chase Bank N.A., as administrative agent.

The Backstop Credit Agreement provides for term loans in an aggregate principal amount of \$1.98 billion and revolving credit facilities in an aggregate amount of \$1.25 billion. Proceeds of the commitments provided under the Backstop Credit Agreement will be used, together with proceeds of the commitments provided under the Bridge Credit Agreements, to finance the Combination, including

the cash consideration payable to Scheme Shareholders and debt refinancing costs, and to refinance in full the Existing Credit Agreement (as defined below). Subject to the terms of the Backstop Credit Agreement, AAM expects to replace the Backstop Credit Agreement before the closing of the Combination by seeking to obtain the consent of its existing lenders to amend AAM's existing syndicated term loans and revolving credit facilities under AAM's credit agreement, dated as of March 11, 2022 (as amended from time to time, the "**Existing Credit Agreement**"), by and among AAM, certain of its subsidiaries, the lenders party thereto and JPMorgan Chase Bank, N.A., as administrative agent, to (i) increase the maximum revolving credit facility amount by \$425 million to \$1.35 billion and (ii) add a new term loan facility (which will be utilised, together, in part, with the existing facilities thereunder, to finance the Combination) and to effect certain other changes thereto in connection with the Combination.

The First Lien Bridge Credit Agreement provides for commitments of up to \$843 million and the Second Lien Bridge Credit Agreement provides for commitments of up to \$500 million. Proceeds from the commitments provided under the Bridge Credit Agreements will be used to finance the Combination, including the cash consideration payable to Scheme Shareholders and debt refinancing costs. Subject to the conditions in the Bridge Credit Agreements, AAM intends to reduce commitments or the borrowings under the Bridge Credit Agreements by accessing the debt capital markets prior to or following the closing of the Combination. Such debt issuance would be subject to market and other conditions and this Announcement does not constitute the offer or sale of any securities in any jurisdiction.

J.P. Morgan Cazenove, as financial adviser to AAM, is satisfied that sufficient resources are available to AAM to satisfy in full the cash consideration payable to Scheme Shareholders pursuant to the terms of the Combination.

Further information on the financing of the Combination will be set out in the Scheme Document.

16. Combination-related arrangements

Confidentiality Agreement

AAM and Dowlais entered into the Revised Confidentiality Agreement on 14 January 2025 pursuant to which each of AAM and Dowlais has undertaken to keep certain information relating to the Combination and to the other party confidential and not to disclose such information to third parties (except to certain permitted parties) for the purposes of evaluating the Combination unless required by law or regulation. The Revised Confidentiality Agreement also contains: (i) reciprocal customary non-solicit provisions from the date of the Revised Confidentiality Agreement until 12 months after the earlier of the cessation of discussions between AAM and Dowlais in relation to the Combination and the termination or lapse of the Scheme (or, if the Combination is implemented by way of a Takeover Offer, the Takeover Offer); and (ii) customary standstill provisions applicable to AAM only for a period of 12 months after the date of the Revised Confidentiality Agreement, in each case subject to customary carve-outs. The Revised Confidentiality Agreement amended an earlier confidentiality agreement entered into between AAM and Dowlais on 29 October 2024, which was on the same terms as the Revised Confidentiality Agreement, save for the reciprocal non-solicit provisions applied for 12 months from 29 October 2024.

Clean Team Agreement

Dowlais and AAM have entered into a Clean Team Agreement dated 13 December 2024, which sets out, among other things, how confidential information that is competitively sensitive can be disclosed, used or shared between Dowlais' clean team individuals and/or external advisers retained by Dowlais and AAM's clean team individuals and/or external advisers retained by AAM.

Joint Defense Agreement

Dowlais, AAM and their respective external legal counsels have entered into a Joint Defense Agreement dated 6 December 2024, the purpose of which is to ensure that the exchange and/or disclosure of certain materials, in particular in relation to the antitrust and regulatory workstreams, only takes place between their respective external legal counsels and external regulatory experts, and does not diminish in any way the confidentiality of such materials and does not result in a waiver of any privilege, right or immunity that might otherwise be available.

Co-operation Agreement

On the date of this Announcement, AAM and Dowlais have entered into a Co-operation Agreement in relation to the Combination pursuant to which, among other things:

- AAM has agreed to use all reasonable endeavours to obtain the regulatory conditions and authorisations as soon as reasonably practicable following date of this Announcement and in any event in sufficient time to enable the Effective Date to occur by the Long Stop Date;
- AAM and Dowlais have agreed to certain customary undertakings to cooperate in relation to such regulatory clearances and authorisations;
- AAM has agreed to provide Dowlais with certain information for the purposes of the Scheme Document and otherwise assist with the preparation of the Scheme Document and Dowlais has agreed to provide AAM with certain information for the purposes of the AAM Proxy Statement; and
- AAM has agreed to take certain steps to assist certain Dowlais Shareholders in taking any required action as a result of the potential application of US withholding tax under Section 304 of the US Internal Revenue Code, including the provision of any certifications which may be required to be made by Dowlais Shareholders to certify whether or not it meets the requirements for exemption from U.S. Deemed Dividend Tax (and therefore potentially not be subject to such withholding tax).

The Co-operation Agreement records the intention of AAM and Dowlais to implement the Combination by way of a Scheme, subject to AAM's right to switch to a Takeover Offer in certain circumstances. AAM and Dowlais have agreed to certain customary provisions if the Scheme should switch to an Offer.

The Co-operation Agreement also contains provisions that shall apply in respect of Dowlais Shareholders' dividend entitlements (as summarised in paragraph 13 (*Dividends*) of this Announcement) and directors' and officers' insurance, as well as the Dowlais Share Plans, other incentive arrangements and other employee-related matters (further details of which will be provided in the Scheme Document). AAM has agreed that from the date of the Co-operation Agreement until the Effective Date it shall not announce, declare, make or pay any dividends to AAM Shareholders (as summarised in paragraph 13 (*Dividends*) of this Announcement). In addition, AAM has also committed, from the date of the Co-operation Agreement until the earlier of receipt of the AAM Shareholder approvals, not to solicit or engage in any discussions of alternative proposals to the Combination (subject to certain limited exceptions). The Co-operation Agreement provides that AAM will pay a break fee to Dowlais in the following amounts and circumstances (subject to certain exceptions and exclusions):

- \$50 million, in cash, if AAM's Board no longer recommends the Combination or if AAM fails to hold the AAM Shareholders Meeting prior to the Long Stop Date;

- \$50 million, in cash, if AAM invokes the Conditions set out in 3 (*Official authorisations and regulatory clearances*) and 6 (*General Third Party approvals*) of Part A of Appendix 1 to this Announcement or such Condition has not been satisfied or waived by AAM by the Long Stop Date; or
- \$14 million, in cash, if AAM Shareholders do not approve the resolutions required to implement the Combination at the AAM Shareholders Meeting and there has been no change in the AAM Board's recommendation.

The Co-operation Agreement shall terminate in certain customary circumstances, including but not limited to:

- if agreed in writing between AAM and Dowlais;
- upon service of written notice by AAM to Dowlais if the Dowlais Directors change their recommendation in respect of the Combination;
- upon service of written notice by either AAM or Dowlais to the other if: (i) a competing offer becomes effective or is declared or becomes unconditional; (ii) the Combination is withdrawn, terminates or lapses in accordance with its terms; (iii) prior to the Long Stop Date, any Condition has (with the consent of the Panel) been invoked by AAM; (iv) the Scheme is not approved at the Court Meeting, the Resolutions to be proposed at the General Meeting are not passed or the Court refuses to sanction the Scheme; (v) unless otherwise agreed by AAM and Dowlais in writing or required by the Panel, the Effective Date has not occurred by the Long Stop Date; or (vi) such resolution or resolutions as are necessary to approve, effect and implement the Combination, including to authorise the creation, allotment and issue of the New AAM Shares, are not passed at the AAM Shareholder Meeting; or
- upon service of notice by Dowlais to AAM if: (i) AAM makes an announcement prior to publication of the AAM Proxy Statement that it will not convene the AAM Shareholder Meeting or it intends not to file the AAM Proxy Statement with the SEC or transmit it to AAM Shareholders; (ii) the AAM Proxy Statement does not include the AAM Directors' recommendation; or (iii) the AAM Directors change their recommendation in respect of the Combination; and
- upon the Effective Date.

Pensions Agreement

AAM, Dowlais and the trustees (the “**Trustees**”) of Dowlais’ UK defined benefit pension schemes (the “**Pension Schemes**”) have entered into a pensions agreement. In summary, AAM has agreed that, with effect from and conditional on Completion: (i) it will consult with the Trustees before changing the key terms of the material intercompany balances of the main entities supporting the Pension Schemes’ employer covenant and before effecting any intra-group reorganisation that would move material subsidiaries supporting the Schemes’ employer covenant to another part of the Combined Group; (ii) it will share information with the Trustees at agreed regular intervals regarding the Combined Group’s financial performance and business prospects, progress on delivering synergies and material corporate events; and (iii) it supports the objective of the GKN Group Pension Scheme No. 3 of achieving full funding on a low dependency funding basis by the “relevant date” in accordance with pensions legislation and will consider in good faith potential courses of action to achieve that objective as part of the next actuarial valuation. AAM has also provided confirmations about the information shared with the Trustees in connection with the Combination and the Trustees have confirmed that, based on the information provided by AAM thus far and the representations made to date, they consider that the Combination would not have a materially detrimental effect on the Pension

Schemes. The agreement also contains customary confidentiality provisions subject to certain standard exceptions.

17. Dowlais Share Plans

Participants in the Dowlais Share Plans shall be contacted regarding the effect of the Combination on their rights under the Dowlais Share Plans and appropriate proposals will be made to such participants in due course. Details of these proposals will be set out in the Scheme Document.

Arrangements between AAM and Dowlais management

Liam Butterworth, Roberto Fioroni, John Nicholson and Helen Redfern

In order to promote the retention of Liam Butterworth and Roberto Fioroni, currently Chief Executive Officer (“**CEO**”) and Chief Financial Officer (“**CFO**”) of Dowlais respectively, through to the completion of the Combination, AAM has agreed that it will make cash payments of 150 per cent. to the CEO and 120 per cent. to the CFO of their base salary (the “**Executive Director Transaction Awards**”), as detailed in the Co-operation Agreement. The Executive Director Transaction Awards will be paid, conditional on completion of the Combination and Dowlais being delisted from the London Stock Exchange: (i) 50 per cent. within 30 days of Completion of the Combination; and (ii) 50 per cent. within 30 days of the date that is six months after Completion of the Combination. Payment of the Executive Director Transaction Awards is subject to the CEO or CFO (as relevant) being employed by the Combined Group and not under notice on the relevant payment date or having been subject to, or received notice of, a Qualifying Termination (as defined in the Co-operation Agreement) before the relevant payment date. In the event of the CEO or CFO being subject to a Qualifying Termination, the Transaction Award will be payable as soon as practicable after termination of employment.

In order to promote the retention of John Nicholson and Helen Redfern, currently General Counsel (“**GC**”) and Chief People, Sustainability and Communications Officer (“**CPSCO**”) of Dowlais respectively, through to the completion of the Combination, Dowlais will make cash payments of 222 per cent. to the GC and 117 per cent. to the CPSCO of their base salary (the “**Retention Awards**”). The Retention Awards will be paid: (i) 50 per cent. within 30 days of Completion of the Combination; and (ii) 50 per cent. within 30 days of the date that is six months after Completion of the Combination. Payment of the Retention Awards is subject to the GC or CPSCO (as relevant) being employed by the Combined Group and not under notice on the relevant payment date or having been subject to, or received notice of, a Qualifying Termination (as defined in the Co-operation Agreement) before the relevant payment date. In the event of the GC or CPSCO being subject to a Qualifying Termination, the Retention Award will be payable as soon as practicable after termination of employment.

As required by, and solely for the purposes of, Rule 16.2 of the Code, Barclays and Rothschild & Co have reviewed the terms of the CEO Executive Director Transaction Award, CFO Executive Director Transaction Award, the GC Retention Award and the CPSCO Retention Award together with other information deemed relevant and confirmed that, in their opinion, the Executive Director Transaction Awards and the Retention Awards are fair and reasonable. In providing their advice, Barclays and Rothschild & Co, have taken into account the commercial assessments of the Dowlais Directors. Barclays and Rothschild & Co are acting as the independent financial advisers to Dowlais for the purposes of Rule 3 of the Code.

18. Structure of and conditions to the Combination

It is intended that the Combination will be implemented by means of a Court-sanctioned scheme of arrangement under Part 26 of the Companies Act, although AAM reserves the right to elect to implement the Combination by means of a Takeover Offer, subject to the terms of the Co-operation Agreement, and obtaining the consent of the Panel. The purpose of the Scheme is to provide for AAM

to become the owner of the entire issued and to be issued ordinary share capital of Dowlais. The Scheme is an arrangement between Dowlais and the Scheme Shareholders and is subject to the approval of the Court. The procedure involves, among other things, an application by Dowlais to the Court to sanction the Scheme, in consideration for which Scheme Shareholders will receive cash on the basis described in paragraph 2 (*The Combination*) of this Announcement.

On the Scheme becoming Effective: (i) it will be binding on all Scheme Shareholders, irrespective of whether or not they attended or voted at the Court Meeting and the General Meeting (and, if they attended and voted, whether or not they voted in favour); and (ii) share certificates in respect of Scheme Shares will cease to be of value and should be destroyed and entitlements to Scheme Shares held within the CREST system will be cancelled. The New AAM Shares will be issued by AAM and (subject to the applicability of any U.S. withholding tax as described in this Announcement) the cash consideration payable under the terms of the Combination will be despatched to Scheme Shareholders by AAM no later than 14 days after the Effective Date.

Any Dowlais Shares issued before the Scheme Record Time will be subject to the terms of the Scheme. The Resolutions to be proposed at the General Meeting will, among other matters, provide that the Dowlais Articles be amended to incorporate provisions requiring any Dowlais Shares issued after the Scheme Record Time (other than to AAM or its nominee(s)) to be automatically transferred to AAM on the same terms as the Combination (other than terms as to timings and formalities). The provisions of the Dowlais Articles (as amended) will avoid any person (other than AAM or its nominee(s)) holding ordinary shares in the capital of Dowlais after the Effective Date.

The Combination is subject to a number of Conditions and certain further terms set out in Appendix 1 to this Announcement and to the full terms and conditions to be set out in the Scheme Document, including, among other things:

- the approval of the Scheme by a majority in number of the Scheme Shareholders, representing not less than 75 per cent. in value of the Scheme Shares held by those Scheme Shareholders, present and voting, either in person or by proxy, at the Court Meeting;
- the passing of the Resolutions by the requisite majority of Dowlais Shareholders at the General Meeting;
- the Scheme being sanctioned by the Court (without modification, or with modification on terms agreed by AAM and Dowlais) and a copy of the Court Order being delivered to the Registrar of Companies;
- the receipt of certain regulatory and antitrust approvals (including the EU Antitrust Condition, the U.S. Antitrust Condition, the China Antitrust Condition, the Brazil Antitrust Condition and the Mexico Antitrust Condition);
- the amendment to AAM's certificate of incorporation to increase the number of authorised AAM Shares being duly approved by the affirmative vote of the holders of a majority in voting power of the AAM Shares entitled to vote thereon at the AAM Shareholder Meeting and the issuance of the New AAM Shares in connection with the Combination being duly approved by the affirmative vote of the holders of a majority in voting power present in person or by proxy at the AAM Shareholder Meeting;
- confirmation having been received by AAM that the New AAM Shares have been approved for listing, subject to official notice of issuance, on the New York Stock Exchange; and
- the Scheme becoming Effective no later than the Long Stop Date.

It is expected that the Scheme Document, containing further information about the Combination (including the expected timetable for the Combination and how Dowlais Shareholders can hold, access and trade their interests in New AAM Shares), together with notices of the Court Meeting and General Meeting, the Forms of Proxy and the Forms of Election in relation to the Mix and Match Facility, will

be posted to Dowlais Shareholders in May or June 2025. The extended period until publication of such documentation in relation to the Combination has been agreed with the Panel and Dowlais and is to allow the Scheme Document to be published at or around the same time as the mailing of the AAM Proxy Statement following publication of the annual results of both AAM and Dowlais for the year ended 31 December 2024 and allowing for any SEC review period of the AAM Proxy Statement (if required). Subject to the satisfaction or, where permitted, waiver of all relevant conditions, including the Conditions, and certain further terms set out in Appendix 1 to this Announcement and to be set out in the Scheme Document, and subject to the approval and availability of the Court, it is expected that the Scheme will become Effective in 2025.

Shareholders' attention is drawn to the section entitled "High-Level U.S. Federal Income Tax Consequences" in this Announcement. The Scheme Document will contain details on the potential application of section 304 of the U.S. Internal Revenue Code (IRC), and the potential resulting U.S. withholding tax at a rate of up to 30 per cent. to the cash consideration received pursuant to the Combination, and will provide information for Dowlais Shareholders on how to certify whether or not it meets the requirements for exemption from U.S. Deemed Dividend Tax (and therefore potentially not be subject to such withholding tax), as described further below in the section entitled "High-Level U.S. Federal Income Tax Consequences".

The Scheme will be governed by English law and will be subject to the jurisdiction of the Court. The Scheme will be subject to the applicable requirements of the Code, the Panel, the London Stock Exchange, the Court and the FCA.

19. Cancellation of admission to listing and re-registration as a private company

It is intended that dealings in, and registration of transfers of, Dowlais Shares will be suspended shortly before the Effective Date at a time to be set out in the Scheme Document. It is further intended that applications will be made to the London Stock Exchange to cancel trading in Dowlais Shares on the Main Market of the London Stock Exchange, and to the FCA to cancel the listing of Dowlais Shares on the Official List, in each case with effect from or shortly following the Effective Date.

On the first Business Day after the Effective Date, entitlements to Dowlais Shares held within the CREST system will be cancelled, and share certificates in respect of Dowlais Shares will cease to be valid.

It is also intended that, following the Effective Date, Dowlais will be re-registered as a private limited company.

In addition, the New AAM Shares will be authorised for primary listing on the New York Stock Exchange subject to official notice of issuance.

20. Interests in Dowlais Shares

As at close of business on 28 January 2025 (being the last Business Day before the date of this Announcement), save for the irrevocable undertakings referred to in paragraph 14 (*Irrevocable undertakings*) above, neither AAM, nor any of the AAM Directors, nor any member of the AAM Group, nor, so far as the AAM Directors are aware, any person acting in concert with AAM for the purposes of the Combination, had:

- (A) any interest in, or right to subscribe for, any relevant securities of Dowlais;
- (B) any short position in (whether conditional or absolute and whether in the money or otherwise), including any short position under a derivative, any agreement to sell or any delivery obligation or right to require another person to purchase or take delivery of, any relevant securities of Dowlais;

- (C) procured an irrevocable commitment or letter of intent to accept the terms of the Combination in respect of relevant securities of Dowlais; or
- (D) borrowed or lent, or entered into any financial collateral arrangements in respect of, any relevant securities of Dowlais; or
- (E) entered into any Dealing Arrangement in respect of any relevant securities of Dowlais.

In the interests of secrecy before this Announcement, AAM has not made any enquiries in respect of the matters referred to in this paragraph 20 of certain parties who may be deemed by the Panel to be acting in concert with AAM for the purposes of the Combination. Enquiries of such parties will be made as soon as practicable following the date of this Announcement, and AAM confirms that further disclosure in accordance with Rule 8.1(a) and Note 2(a)(i) on Rule 8 of the Code will be made as soon as possible and by no later than 12 noon (London time) on 12 February 2025.

21. Melrose ESOT

Upon the demerger of Dowlais from Melrose Industries PLC (“**Melrose**”), 27,865,471 Dowlais Shares (being 2.1 per cent. of the total issued ordinary shares of Dowlais as at 28 January 2025 (being the last Business Day before the date of this Announcement)), were placed in the Melrose Employee Share Ownership Trust (the “**Melrose ESOT**”) to satisfy options over Dowlais Shares granted by Melrose to individuals (being certain Melrose group employees and executive directors) (“**MASP Options**”) under the Melrose Automotive Share Plan (the “**MASP**”). The MASP and the Melrose ESOT are operated independently from Dowlais and Dowlais has no oversight of either of these, including over the terms of the MASP, the number of outstanding MASP Options and the number of shares that vest in accordance with the terms of the MASP. According to the circular issued by Melrose in connection with the demerger, dated 3 March 2023 (the “**Melrose Demerger Circular**”), the MASP performance period runs up to (but excluding) 31 May 2025 (the “**MASP Crystallisation Date**”). Based on the disclosures made by Melrose in the Melrose Demerger Circular and the value of the entire issued share capital of Dowlais implied by the Combination as at 28 January 2025 (being the last Business Day before the date of this Announcement), the options granted under the MASP are not expected to vest or become exercisable in accordance with their performance conditions. Based on the disclosures made by Melrose in the Melrose Demerger Circular, upon a change of control, scheme of arrangement or winding up of Dowlais (a “**Dowlais Trigger Event**”), the options under the MASP shall vest in full and become immediately exercisable upon the date of, and immediately prior to, the Dowlais Trigger Event. Although it is not explicit from the disclosure in the Melrose Demerger Circular, based on such disclosures the Dowlais Trigger Event could occur only upon such a change of control or scheme of arrangement of Dowlais becoming effective, rather than simply being announced and it is noted that Completion is not expected to occur prior to the MASP Crystallisation Date; however neither Dowlais nor AAM is aware of the discretion (if any) exercisable under the terms of the MASP, the potential for the MASP to be amended or the conditions for a change of control, scheme of arrangement or winding up to constitute a Dowlais Trigger Event and there can therefore be no certainty as to the treatment of such awards as a result of the Combination.

Melrose’s disclosures in the Melrose Demerger Circular state that, if, immediately after the MASP Crystallisation Date, there remain Dowlais Shares held by the Melrose ESOT in relation to which MASP Options have lapsed by operation of the vesting provisions, then it is intended that the relevant Dowlais Shares shall be transferred to Dowlais (or its nominee) and for such Dowlais Shares to then be cancelled. Any amounts held by the Melrose ESOT as a result of prior distributions received by the Melrose ESOT in respect of such Dowlais Shares shall remain the property of the Melrose ESOT. Dowlais is party to a tripartite agreement entered into by Dowlais at the time of the demerger with Melrose and Zedra Trust Company (Guernsey) Limited (acting as trustee for the MASP) (the “**Tripartite Agreement**”) pursuant to which it has undertaken to cancel any Dowlais Shares upon receipt from the trustee.

AAM has agreed that, to the extent that the Dowlais Shares held by the Melrose ESOT are repurchased by Dowlais for nil consideration pursuant to the Tripartite Agreement prior to Completion (the “**Cancelled Shares**”), AAM will increase the cash consideration and the number of New AAM Shares payable in respect of each Dowlais Share held pursuant to the Combination so as to allocate the cash consideration and New AAM Shares which the Cancelled Shares would have received on Completion to the Dowlais Shareholders based on the fully diluted share capital of Dowlais at the time of such cancellation, with cash consideration rounded to the nearest pence and the number of New AAM Shares to four decimal places. So, for example, if all of the 27,865,471 Dowlais Shares held by the Melrose ESOT were to be cancelled and based on the fully diluted share capital of Dowlais as at 28 January 2025 (being the last Business Day before the date of this Announcement), the consideration would be adjusted as follows such that Dowlais Shareholders would be entitled to receive, for each Dowlais Share:

- 43 pence in cash; and
- 0.0881 New AAM Shares.

There would be no change to the amount of the FY24 Final Dividend a Dowlais Shareholder may receive.

For the purpose of this paragraph 21 and the above undertaking, the fully diluted share capital of Dowlais at the time of a cancellation shall be calculated on the basis of:

- (a) issued share capital of Dowlais at the time of such cancellation; plus
- (b) all Dowlais Shares which may be issued on or after the date of such cancellation on the vesting of awards under the Dowlais Share Plans as at close of business of the day prior to such cancellation; less
- (c) the number of Dowlais Shares held by the employee benefit trust operated by Dowlais that can be used to satisfy the vesting of awards under the Dowlais Share Plans as at close of business of the day prior to such cancellation.

Neither Dowlais nor AAM have seen the terms of the MASP and there can be no certainty that the MASP Options will lapse or that the Dowlais Shares will be transferred to Dowlais if a Dowlais Trigger Event has not completed by the MASP Crystallisation Date. Neither Dowlais nor AAM is aware of the discretion (if any) exercisable under the terms of the MASP, the potential for the MASP to be amended or the conditions for a change of control, scheme of arrangement or winding up of to constitute a Dowlais Trigger Event.

The purpose of these arrangements is to ensure that the total value of the consideration payable for the entire issued and to be issued share capital of Dowlais remains the same regardless of whether the MASP Options vest or lapse.

There can therefore be no certainty that any such increase to the consideration payable per Dowlais Share under the terms of the Combination will occur. As set out in paragraph 6 (*Recommendation*), the Intention to Recommend (as defined in paragraph 6 (*Recommendation*)) is based solely on the terms of the Combination as at the date of this Announcement, and the financial advice received by the Dowlais Directors (as described in paragraph 6 (*Recommendation*)) has been given on that basis.

AAM will announce any increase to the consideration payable per Dowlais Share under the terms of the Combination under this paragraph 21 as soon as is reasonably practicable upon the obligation to effect such increase coming into effect. To the extent no such increase has been made beforehand, AAM and/or Dowlais will also provide an update on the latest position based on their understanding in advance of the Court Meeting.

22. Fractional entitlements

Fractions of New AAM Shares will not be allotted to Dowlais Shareholders. Instead, all fractional shares which a holder of Dowlais Shares would otherwise be entitled to receive will be aggregated and calculations will be rounded down, and such holder shall receive, in lieu of such fractional entitlements, cash in an amount (rounded down to the nearest penny) equal to such fractional amount multiplied by the last reported sale price of AAM Shares on the New York Stock Exchange (as reported in Bloomberg or, if not reported therein, in another authoritative source selected by AAM) on the last Business Day prior to the Effective Date.

23. Overseas Shareholders

The availability of the Combination and the distribution of this Announcement to Dowlais Shareholders who are not resident in the United Kingdom may be affected by the laws of the relevant jurisdiction in which they are located. Such persons should inform themselves of, and observe, any applicable legal or regulatory requirements of their jurisdiction. Dowlais Shareholders who are in any doubt regarding such matters should consult an appropriate independent professional adviser in the relevant jurisdiction without delay.

This Announcement does not constitute an offer for sale of any securities or an offer or an invitation to purchase any securities. Dowlais Shareholders are advised to read carefully the Scheme Document and related Forms of Proxy and Forms of Election once these have been despatched.

25. Right to proceed by way of a Takeover Offer

Subject to the terms of the Co-operation Agreement, and obtaining the consent of the Panel, AAM reserves the right to elect to implement the Combination by way of a Takeover Offer as an alternative to the Scheme.

In such event, such Takeover Offer will be implemented on the same terms and conditions, so far as applicable, as those which would apply to the Scheme subject to appropriate amendments to reflect the change in method of effecting the Combination, including (without limitation) the inclusion of an acceptance condition set at 90 per cent. of Dowlais Shares to which the Takeover Offer relates, (or such lesser percentage as may be determined after consultation with the Panel (if necessary)), being in any case more than 50 per cent. of the voting rights normally exercisable at a general meeting of Dowlais, including, for this purpose, any such voting rights attaching to Dowlais Shares that are issued before the Takeover Offer becomes or is declared unconditional (whether pursuant to the exercise of any outstanding subscription or conversion rights or otherwise).

26. General

It is expected that the Scheme Document will be posted to Dowlais Shareholders in May or June 2025. The extended period until publication of the Scheme Document has been agreed with the Panel and Dowlais and is to allow the Scheme Document to be published at or around the same time as the mailing of the AAM Proxy Statement following publication of the annual results of both AAM and Dowlais for the year ended 31 December 2024 and allowing for any SEC review period of the AAM Proxy Statement (if required).

In deciding whether or not to vote or procure votes to approve the Scheme at the Court Meeting or to vote or procure votes in favour of the Resolutions relating to the Scheme at the General Meeting in respect of their Dowlais Shares, Dowlais Shareholders should rely on the information contained, and follow the procedures described, in the Scheme Document.

Morgan (as financial adviser to AAM) have each given and not withdrawn their consent to the publication of this Announcement with the inclusion in this Announcement of the references to their names in the form and context in which they appear.

The bases and sources for certain financial information contained in this Announcement are set out in Appendix 2 to this Announcement. Details of undertakings received by AAM and given by the Dowlais Directors are set out in Appendix 3. The defined terms used in this Announcement are set out in Appendix 7.

Additional information for U.S. investors in Dowlais

The Combination, implemented by way of a scheme of arrangement, is not subject to the tender offer rules or the related proxy solicitation rules under the U.S. Exchange Act. Accordingly, the Combination is subject to the disclosure requirements and practices applicable to a scheme of arrangement involving a target company in the UK listed on the London Stock Exchange, which differ from the disclosure requirements of the U.S. tender offer and related proxy solicitation rules. If, in the future, AAM exercises its right to elect to implement the Combination by way of a Takeover Offer and determines to extend the Takeover Offer into the U.S., such Takeover Offer will be made in compliance with applicable U.S. laws and regulations.

The New AAM Shares to be issued pursuant to the Combination have not been and will not be registered under the U.S. Securities Act, and may not be offered or sold by AAM in the U.S. absent registration or an applicable exemption from the registration requirements of the U.S. Securities Act. The New AAM Shares to be issued pursuant to the Combination will be issued pursuant to the exemption from registration set forth in Section 3(a)(10) of the U.S. Securities Act. If, in the future, AAM exercises its right to elect to implement the Combination by way of a Takeover Offer or otherwise determines to conduct the Combination in a manner that is not exempt from the registration requirements of the U.S. Securities Act, it will file a registration statement with the SEC that will contain a prospectus with respect to the issuance of New AAM Shares. In this event, Dowlais Shareholders are urged to read these documents and any other relevant documents filed with the SEC, as well as any amendments or supplements to all such documents, because they will contain important information, and such documents will be available free of charge at the SEC's website at www.sec.gov or by directing a request to AAM's contact for enquiries identified above.

This Announcement contains, and the Scheme Document will contain certain unaudited financial information relating to Dowlais that has been prepared in accordance with UK-endorsed International Financial Reporting Standards ("IFRS") and thus may not be comparable to financial information of U.S. companies or companies whose financial statements are prepared in accordance with U.S. generally accepted accounting principles. U.S. generally accepted accounting principles differ in certain significant respects from IFRS.

Dowlais is incorporated under the laws of a non-U.S. jurisdiction, some or all of Dowlais' officers and directors reside outside the U.S., and some or all of Dowlais' assets are or may be located in jurisdictions outside the U.S. Therefore, U.S. Dowlais Shareholders (defined as Dowlais Shareholders who are U.S. persons as defined in the U.S. Internal Revenue Code or "IRC") may have difficulty effecting service of process within the U.S. upon those persons or recovering against Dowlais or its officers or directors on judgments of U.S. courts, including judgments based upon the civil liability provisions of the U.S. federal securities laws. Further, it may be difficult to compel a non-U.S. company and its affiliates to subject themselves to a U.S. court's judgment. It may not be possible to sue Dowlais or its officers or directors in a non-U.S. court for violations of the U.S. securities laws.

In accordance with normal United Kingdom practice, AAM or its nominees, or its brokers (acting as agents), may from time to time make certain purchases of, or arrangements to purchase, shares or other securities of Dowlais outside of the U.S., other than pursuant to the Combination, until the date on which the Combination and/or Scheme becomes effective, lapses or is otherwise withdrawn. These purchases may occur either in the open market at prevailing prices or in private transactions at negotiated prices. Any such purchases by AAM will not be made at prices higher than the price of the Combination provided in this Announcement unless the price of the Combination is increased accordingly. Any information about such purchases or arrangements to purchase shall be disclosed as required in the UK, shall be reported to a Regulatory Information Service and shall be available on the London Stock Exchange website at www.londonstockexchange.com.

High-Level U.S. Federal Income Tax Consequences

The receipt of New AAM Shares and cash by Dowlais Shareholders as consideration for the transfer of Dowlais Shares pursuant to the Combination may be a taxable transaction for U.S. federal income tax purposes and under applicable U.S. state and local, as well as foreign and other, tax laws. Such consequences, if any, are not generally described herein.

For certain Dowlais Shareholders, Section 304 of the IRC may apply to the Combination if the Dowlais Shareholders, in the aggregate, own stock of AAM possessing 50 per cent. or more of the total combined voting power or 50 per cent. or more of the total combined value of all classes of stock of AAM immediately following Completion, taking into account certain constructive ownership rules under the IRC and, in the case of a Dowlais Shareholder who also owns AAM common stock, taking into account any New AAM Shares received by such Dowlais Shareholder as a result of the Combination. If Section 304 of the IRC were to apply to the Combination, the cash consideration received pursuant to the Combination may be subject to U.S. federal income tax as a deemed dividend ("U.S. Deemed Dividend Tax"). A Dowlais

Shareholder should only be subject to U.S. Deemed Dividend Tax if the Dowlais Shareholder receives cash under the Combination and also owns AAM Shares. Further, even if a Dowlais Shareholder also owns AAM Shares, it should only be subject to U.S. Deemed Dividend Tax if the Dowlais Shareholder owns (i) an equivalent or greater percentage of AAM Shares than Dowlais Shares at Completion, and (ii) its indirect ownership interest in Dowlais is not therefore reduced as a result of the Combination, taking into account certain constructive ownership rules and the AAM Shares received as consideration in the Combination.

For U.S. Dowlais Shareholders, dividends are generally taxable as ordinary income, subject to any reduced tax rates or deductions provided under the IRC. U.S. Dowlais Shareholders who do not actually or constructively own any AAM Shares immediately prior to the Combination will recognise a capital gain or loss equal to the difference between the amount of cash received and such U.S. holder's tax basis in the portion of its Dowlais Shares that is exchanged for such cash.

For Non-U.S. Dowlais Shareholders, U.S. Deemed Dividend Tax will be collected via a withholding tax at a 30 per cent. rate (or such lower rate as may be specified by an applicable income tax treaty) from the cash consideration received pursuant to the Combination. To establish whether such withholding is required from the cash consideration paid to each Non-U.S. Dowlais Shareholder, each Non-U.S. Dowlais Shareholder must, if necessary, complete a certificate, in the form to be provided in circumstances where it is necessary, certifying whether or not it meets the requirements for exemption from U.S. Deemed Dividend Tax. The certification process is not standardised, and depends upon information properly flowing through the brokerage network. To the extent relevant, you should consult your retail broker as to the procedures they employ; it is possible that some brokers may be unfamiliar with this process.

Failure by a Non-U.S. Dowlais Shareholder to complete and return such certificate may result in withholding tax at a rate of 30 per cent. (or such lower rate as may be specified by an applicable income tax treaty) on the full amount of the cash payable to such Non-U.S. Dowlais Shareholder.

If excess amounts are withheld from the cash consideration payable to a Non-U.S. Dowlais Shareholder, the Non-U.S. Dowlais Shareholder may obtain a refund of any such excess amounts by timely filing an appropriate claim with the IRS.

Dowlais Shareholders that may be concerned about the application of Section 304 of the IRC and the potential treatment of the cash consideration as a deemed dividend for U.S. federal income tax purposes should take this into account when determining whether to make an election under the Mix and Match Facility to receive different proportions of cash and New AAM Shares in respect of their holdings in Dowlais Shares, which would impact the amount of Dowlais Shares attributed to them after the Combination.

The receipt of consideration in exchange for Dowlais Shares pursuant to the Combination may also be subject, under certain circumstances, to FATCA or other backup withholding with respect to a Dowlais Shareholder that does not satisfy certain rules with respect to its identity under U.S. or other tax laws applicable to such Dowlais Shareholder.

Each Dowlais Shareholder is urged to consult with legal, tax and financial advisers in connection with making a decision regarding the Combination, including in light of the potential application of Section 304 of the IRC to the Combination.

Forward-looking statements

This Announcement (including information incorporated by reference in this Announcement), oral statements made regarding the Combination, and other information published by AAM and Dowlais contain statements which are, or may be deemed to be, "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are prospective in nature and are not based on historical facts, but rather on assumptions, expectations, valuations, targets, estimates, forecasts and projections of AAM and Dowlais about future events, and are therefore subject to risks and uncertainties which could cause actual results, performance or events to differ materially from those expressed or implied by the

forward-looking statements. The forward-looking statements contained in this Announcement include statements relating to the expected effects of the Combination on the AAM Group, the Dowlais Group and the Combined Group, such as the statements about the expected profitable growth, value-enhancing investments, sustainable capital returns and other characteristics of the Combined Group, the expected timing and scope of the Combination and other statements other than historical facts. Often, but not always, forward-looking statements can be identified by the use of forward-looking words such as “plans”, “expects”, “budgets”, “targets”, “aims”, “scheduled”, “estimates”, “forecast”, “intends”, “anticipates”, “seeks”, “prospects”, “potential”, “possible”, “assume” or “believes”, or variations of such words and phrases or statements that certain actions, events or results “may”, “could”, “should”, “would”, “might” or “will” be taken, occur or be achieved. AAM and Dowlais give no assurance that such expectations will prove to be correct. By their nature, forward-looking statements involve risks (known and unknown) and uncertainties (and other factors that are in many cases beyond the control of AAM and/or Dowlais) because they relate to events and depend on circumstances that may or may not occur in the future.

There are a number of factors that could affect the future operations of the AAM Group, the Dowlais Group and/or the Combined Group and that could cause actual results and developments to differ materially from those expressed or implied by such forward-looking statements. These factors include the satisfaction (or, where permitted, waiver) of the Conditions, as well as additional factors, such as: domestic and global business and economic conditions; the impact of pandemics, asset prices; market-related risks such as fluctuations in interest rates and exchange rates, industry trends, competition, changes in government and regulation, changes in the policies and actions of governments and/or regulatory authorities (including changes related to capital and tax), changes in political and economic stability (including exposures to terrorist activities, the UK’s exit from the European Union, Eurozone instability, disruption in business operations due to reorganisation activities, interest rate, inflation, deflation and currency fluctuations), the timing impact and other uncertainties of future or planned acquisitions or disposals or offers, the inability of the Combined Group to realise successfully any anticipated synergy benefits when the Combination is implemented (including changes to the board and/or employee composition of the Combined Group), the inability of the AAM Group to integrate successfully the Dowlais Group’s operations and programmes when the Combination is implemented, the Combined Group incurring and/or experiencing unanticipated costs and/or delays (including IT system failures, cyber-crime, fraud and pension scheme liabilities), or difficulties relating to the Combination when the Combination is implemented. Other unknown or unpredictable factors could affect future operations and/or cause actual results to differ materially from those in the forward-looking statements. Such forward-looking statements should therefore be construed in the light of such factors. It is not possible to foresee or identify all such factors.

Each forward-looking statement speaks only as of the date of this Announcement. Neither the AAM Group nor the Dowlais Group, nor any of their respective associates or directors, officers or advisers, provides any representation, warranty, assurance or guarantee that the occurrence of the events expressed or implied in any forward-looking statements in this Announcement will actually occur. Forward-looking statements involve inherent risks and uncertainties. All forward-looking statements contained in this Announcement are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. Readers are cautioned not to place undue reliance on these forward-looking statements. Other than in accordance with their legal or regulatory obligations (including, without limitation, under the Code, the UK Market Abuse Regulation, the DTRs and applicable U.S. securities laws), neither the AAM Group nor the Dowlais Group is under or undertakes any obligation, and each of the foregoing expressly disclaims any intention or obligation, to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

For a discussion of important risk factors that could cause AAM’s actual results to differ materially from the expectations in the forward-looking statements, see Part I, Item 1A. under the heading “Risk Factors” in its Form 10-K for the fiscal year ended December 31, 2023 and Part II, Item 1A under the heading “Risk Factors” in quarterly reports on Form 10-Q for the quarterly periods ended March 31, 2024, June 30, 2024 and September 30, 2024 filed with the SEC which also contain additional information regarding forward-looking statements with respect to AAM.

Solicitation

This Announcement may be deemed to be solicitation material in respect of the Combination, including the issuance of the New AAM Shares in respect of the Combination. In connection with the foregoing proposed issuance of the New AAM Shares, AAM expects to file the AAM Proxy Statement. To the extent the Combination is effected as a scheme of arrangement under English law, the issuance of the New AAM Shares in connection with the Combination would not be expected to require registration under the U.S. Securities Act, pursuant to an exemption provided by Section 3(a)(10) under the U.S. Securities Act. In the event that AAM exercises its right to elect to implement the Combination by way of a Takeover Offer or otherwise determines to conduct the Combination in a manner that is not exempt from the registration requirements of the U.S. Securities Act, AAM expects to file a registration statement with the SEC containing a prospectus with respect to the New AAM Shares that would be issued in the Combination. Investors and shareholders are urged to read the AAM Proxy Statement, the Scheme Document, and other relevant documents filed or to be filed with the SEC or incorporated by reference in the AAM Proxy Statement (if any) carefully when they become available because they will contain important information about AAM, the Combination and related matters. Investors and shareholders will be able to obtain free copies of the AAM Proxy Statement, the Scheme Document, and other documents filed by AAM with the SEC at the SEC's website at www.sec.gov. In addition, investors and shareholders will be able to obtain free copies of the AAM Proxy Statement, the Scheme Document, and other documents filed by AAM with the SEC at www.aam.com/investors.

Participants in the Solicitation

AAM and its directors, executive officers and certain other members of management and employees will be participants in the solicitation of proxies from AAM's Shareholders in respect of the Combination, including the proposed issuance of New AAM Shares. Information regarding AAM's directors and executive officers is contained in the Annual Report on Form 10-K for the fiscal year ended 31 December 2023 of AAM, which was filed with the SEC on 16 February 2024, the definitive proxy statement on Schedule 14A for the 2024 annual meeting of stockholders of AAM, which was filed with the SEC on 21 March 2024 and the Current Report on Form 8-K of AAM, which was filed with the SEC on May 2, 2024. Additional information regarding the identity of participants, and their direct or indirect interests, by security holdings or otherwise, will be set forth in the AAM Proxy Statement relating to the Combination when it is filed with the SEC. To the extent holdings of AAM's securities by its directors or executive officers change from the amounts set forth in the AAM Proxy Statement, such changes will be reflected on Initial Statements of Beneficial Ownership on Form 3 or Statements of Change in Ownership on Form 4 filed with the SEC. These documents may be obtained free of charge from the SEC's website at www.sec.gov and AAM's website at www.aam.com/investors.

No profit forecasts or estimates

The AAM FY24 Profit Estimate is a profit estimate for the purposes of Rule 28 of the Code. The AAM FY24 Profit Estimate is set out in paragraph 9 of this Announcement, and the assumptions and basis of preparation on which the AAM FY24 Profit Estimate is based and the AAM Directors' confirmation, as required by Rule 28.1 of the Code, are set out in Appendix 4 of this Announcement.

The Dowlais FY24 Profit Estimate is set out in of this Announcement, and the assumptions and basis of preparation on which the Dowlais FY24 Profit Estimate is based and the Dowlais Directors' confirmation, as required by Rule 28.1 of the Code, are set out in Appendix 5 of this Announcement.

Other than the AAM FY24 Profit Estimate and Dowlais FY24 Profit Estimate, nothing in this Announcement (including any statement of estimated cost savings or synergies) is intended, or is to be construed, as a profit forecast or profit estimate for any period or to be interpreted to mean that earnings or earnings per share for AAM or Dowlais for the current or future financial years, will necessarily match or exceed the historical published earnings or earnings per share for AAM or Dowlais, as appropriate.

Quantified Financial Benefits Statement

Statements of estimated cost savings and synergies relate to future actions and circumstances which, by their nature, involve risks, uncertainties and contingencies. As a result, the cost savings and synergies referred to in the Quantified Financial Benefits Statement may not be achieved, may be achieved later or sooner than estimated, or those achieved could be materially different from those estimated. No statement in the Quantified Financial Benefits Statement, or this Announcement generally, should be construed as a profit forecast or interpreted to mean that the Combined Group's earnings in the first full year following the Effective Date, or in any subsequent period, would necessarily match or be greater than or be less than those of AAM or Dowlais for the relevant preceding financial period or any other period. For the purposes of Rule 28 of the Code, the Quantified Financial Benefits Statement contained in this Announcement is the responsibility of AAM and the AAM Directors.

A Dealing Disclosure must contain details of the dealing concerned and of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror(s), save to the extent that these details have previously been disclosed under Rule 8. A Dealing Disclosure by a person to whom Rule 8.3(b) applies must be made by no later than 3.30 p.m. (London time) on the business day (as defined in the Code) following the date of the relevant dealing.

1. Subject to the requirements of the Panel in accordance with the Code, AAM reserves the right in its sole discretion to waive, in whole or in part, all or any of the Conditions in Part 1 of this Appendix 1, except for Conditions 1 (*Long Stop Date*), 2(a)(i), 2(b)(i) and 2(c)(i) (*Scheme approval*), 4 (*AAM Shareholder approval*), 5(a) and 5(b) (*Listing on the New York Stock Exchange, effectiveness of registration*), which cannot be waived. The deadlines in any of Conditions 2(a)(ii), 2(b)(ii) and 2(c)(ii) (*Scheme approval*) may be extended to such later date as AAM may determine (with the Panel's consent and approval of the Court, if such consent and/or approval is required). If any of Conditions 1 (*Long Stop Date*), 2(a)(ii), 2(b)(ii) and 2(c)(ii) (*Scheme approval*) is not satisfied by the relevant deadline specified in the relevant Condition, AAM shall make an announcement by 8.00 a.m. (London time) on the business day (as defined in the Code) following such deadline confirming whether, subject to paragraph 3 below, it has invoked the relevant Condition, waived the relevant deadline or extended the relevant deadline.
2. Conditions 2(a)(i), 2(b)(i) (*Scheme approval*) and 3 (*Official authorisations and regulatory clearances*) to 11 (*Anti-corruption, economic sanctions, criminal property and money laundering*) (inclusive) must be fulfilled, determined by AAM to remain fulfilled or (if capable of waiver) waived, by no later than 11.59 p.m. (London time) on the day before the Sanction Hearing. AAM shall be under no obligation to waive (if capable of waiver), to determine to be or remain satisfied or to treat as satisfied any of Conditions 2(a)(i), 2(b)(i) (*Scheme approval*) or 3 (*Official authorisations and regulatory clearances*) to 11 (*Anti-corruption, economic sanctions, criminal property and money laundering*) (inclusive) by a date or time earlier than the latest date and time specified above for the fulfilment of the relevant Condition notwithstanding that the other Conditions may at such earlier date have been waived or fulfilled and that there are at such earlier date no circumstances indicating that any of such Conditions may not be capable of fulfilment.
3. Subject to paragraph 4 below, under Rule 13.5(a) of the Code, AAM may only invoke a Condition so as to cause the Combination not to proceed, to lapse or to be withdrawn with the consent of the Panel. The Panel will normally only give its consent if the circumstances which give rise to the right to invoke the Condition are of material significance to AAM in the context of the Combination. This will be judged by reference to the facts of each case at the time that the relevant circumstances arise.
4. Each of Conditions 1 (*Long Stop Date*), 2 (*Scheme approval*), 4 (*AAM Shareholder approval*) and 5 (*Listing on the New York Stock Exchange, effectiveness of registration*) (and any Takeover Offer acceptance condition adopted on the basis specified in Part 3 of this Appendix 1) will not be subject to Rule 13.5(a) of the Code.
5. Any Condition that is subject to Rule 13.5(a) of the Code may be waived by AAM.
6. The Combination will not become Effective unless the Conditions have been fulfilled or (to the extent capable of waiver and permitted) waived or, where appropriate, have been determined by AAM to be or remain satisfied by no later than the Long Stop Date.
7. Each of the Conditions shall be regarded as a separate Condition and shall not be limited by reference to any other Condition.

PART 3

IMPLEMENTATION BY WAY OF TAKEOVER OFFER

Subject to the terms of the Co-operation Agreement and obtaining the consent of the Panel, AAM reserves the right to elect to implement the Combination by way of a Takeover Offer as an alternative to the Scheme. In such event, such Takeover Offer will be implemented on the same terms and conditions, so far as applicable, as those which would apply to the Scheme subject to appropriate amendments to reflect the change in method of effecting the Combination, including (without limitation) the inclusion of an acceptance condition set at 90 per cent. of Dowlais Shares to which the Takeover Offer relates, (or such lesser percentage as may be determined after consultation with the Panel (if necessary)), being in any case more than 50 per cent. of the voting rights normally exercisable at a general meeting of Dowlais, including, for this purpose, any such voting rights attaching to Dowlais Shares that are issued before the Takeover Offer becomes or is declared unconditional (whether pursuant to the exercise of any outstanding subscription or conversion rights or otherwise).

PART 4

CERTAIN FURTHER TERMS OF THE COMBINATION

1. The availability of the Combination to persons not resident in the UK may be affected by the laws of the relevant jurisdiction. Persons who are not resident in the UK should inform themselves about, and observe, any applicable requirements. Dowlais Shareholders who are in any doubt about such matters should consult an appropriate independent professional adviser in the relevant jurisdiction without delay and observe any applicable requirements. Further details in relation to Overseas Shareholders will be contained in the Scheme Document.
2. Dowlais Shares will be acquired by AAM fully paid and free from all liens, equitable interests, charges, encumbrances, rights of pre-emption and any other third party rights or interests whatsoever and together with all rights existing at the date of this Announcement or thereafter attaching or accruing thereto, including (without limitation) the right to receive and retain, in full, all dividends and other distributions (if any) declared, made or paid or any other return of capital (whether by way of reduction of share capital, repurchase or redemption or otherwise) made on or after the date of this Announcement in respect of Dowlais Shares, other than the FY24 Final Dividend or any repurchases of Dowlais Shares by Dowlais pursuant to the Buyback Programme.
3. Fractions of New AAM Shares will not be allotted to Dowlais Shareholders. Instead, all fractional shares which a holder of Dowlais Shares would otherwise be entitled to receive will be aggregated and calculations will be rounded down, and such holder shall receive, in lieu of such fractional entitlements, cash in an amount (rounded down to the nearest penny) equal to such fractional amount multiplied by the last reported sale price of AAM Shares on the New York Stock Exchange (as reported in Bloomberg or, if not reported therein, in another authoritative source selected by AAM) on the last Business Day prior to the Effective Date.
4. If any dividend, other distribution or return of capital, other than the FY24 Final Dividend or any repurchases of Dowlais Shares by Dowlais pursuant to the Buyback Programme, is announced, declared, made, payable or paid in respect of Dowlais Shares on or after the date of this Announcement and before the Effective Date, AAM reserves the right to reduce the cash element of the consideration payable in respect of each Dowlais Share by the amount of all or part of any such dividend, other distribution or return of capital, in which case any reference in this Announcement to the consideration payable under the terms of the Combination will be deemed to be a reference to the consideration as so reduced. If AAM exercises this right or makes such a reduction in respect of a dividend, other distribution or return of capital, Dowlais Shareholders will be entitled to receive and retain that dividend, other distribution or return of capital. Any exercise by AAM of its rights referred to in this paragraph 4 shall be the subject of an announcement and, for the avoidance of doubt, shall not be regarded as constituting any revision or variation of the Combination.
5. This Announcement and any rights or liabilities arising hereunder, the Combination, the Scheme and the Forms of Proxy will be governed by the laws of England and Wales and be subject to the jurisdiction of the courts of England and Wales. The Combination will also be subject to the Conditions and further terms set out in this Announcement and to be set out in the Scheme Document and such further terms as may be required to comply with the UK Listing Rules and the provisions of the Code. The Combination and the Scheme will comply with the applicable requirements of the FCA, the London Stock Exchange and the Court, as well as with the Panel and the Code. This Announcement does not constitute, or form part of, an offer or invitation to purchase Dowlais Shares or any other securities.
6. If AAM is required by the Panel to make an offer for Dowlais Shares under a mandatory offer for Dowlais under Rule 9 of the Code, AAM may make such alterations to the above Conditions as are necessary to comply with Rule 9 of the Code.

7. The New AAM Shares will be validly issued, fully paid and non-assessable. The New AAM Shares will be issued free from all liens, equitable interests, charges, encumbrances, rights of pre-emption and any other third party rights or interests whatsoever.
8. The consideration payable for the Combination (including, for the avoidance of doubt, the New AAM Shares and any cash) will be paid or delivered subject to any deduction or withholding on account of tax that is required by applicable law in any relevant jurisdiction.

The statements above in relation to Adjusted EBITDA and Adjusted free cash flow constitute profit estimates for the purposes of the Code.

The Panel has granted AAM a dispensation from the requirement to include reports from reporting accountants and AAM's financial advisers in relation to the FY24 Profit Estimate on the basis that: (i) the estimate is presented in a manner which is consistent with AAM's ordinary course quarterly guidance; (ii) Dowlais has agreed to the dispensation; and (iii) the directors of AAM have provided the confirmations stated below.

3. AAM Directors' confirmation

The AAM 2024 Profit Estimate is based on AAM's unaudited management accounts for the year ended 31 December 2024. The basis of accounting used for the AAM 2024 Profit Estimate is consistent with the AAM's existing accounting policies, which: (i) are in accordance with U.S. GAAP; (ii) were applied in the preparation of the AAM's financial statements for the year ending 31 December 2023; and (iii) are expected to be applied in the preparation of the AAM financial statements for the period up to 31 December 2025.

The AAM 2024 Profit Estimate has been prepared on the basis referred to above and subject to the principal assumptions set out below. The AAM 2024 Profit Estimate is inherently uncertain and there can be no guarantee that any of the factors referred to under "Principal Assumptions" below will not occur and/or, if they do, their effect on AAM's results of operations, financial condition, or financial performance, may be material. The AAM 2024 Profit Estimate should therefore be read in this context and construed accordingly.

- (i) there will be no material acquisitions, disposals, distribution partnerships, joint ventures or other commercial agreements, other than those already assumed within the forecast;
- (ii) there will be no material change in the existing operational strategy of AAM;
- (iii) there will be no material changes in AAM's accounting policies and/or the application thereof;

APPENDIX 5

DOWLAIS FY24 PROFIT ESTIMATE

1. Dowlais FY24 Profit Estimate

On 13 August 2024, Dowlais announced its half year results for the financial year ended 31 December 2024. Included within these results was the following statement: “*Consequently, we expect a mid to high single-digit adjusted revenue decline for 2024 and an adjusted operating margin between 6.0% and 7.0% at constant currency, given the benefits of commercial recoveries, restructuring savings and performance initiatives*” (the “**Dowlais FY24 Profit Estimate**”). The Dowlais FY24 Profit Estimate was reconfirmed in the trading update released by Dowlais in November 2024.

The Dowlais FY24 Profit Estimate constitutes a profit estimate for the purposes of Rule 28.1(c) of the Code.

2. Dowlais Directors’ confirmation

The Dowlais Directors confirm that, as at the date of this Announcement, the Dowlais FY24 Profit Estimate remains valid and that it has been properly compiled on the basis of the assumptions stated and that the basis of accounting used is consistent with the accounting policies of the Dowlais Group, which are in accordance with UK-endorsed International Financial Reporting Standards (“**IFRS**”).

Set out below is the basis of preparation of the Dowlais FY24 Profit Estimate and the principal assumptions on which it is based.

3. Basis of preparation and principal assumptions

The Dowlais FY24 Profit Estimate is based on the unaudited condensed interim financial statements of Dowlais for the six months ended 30 June 2024. The basis of accounting used is consistent with the accounting policies of Dowlais, which are in accordance with IFRS and are those that Dowlais expects to apply in preparing its Annual Report and Financial Statements for the financial year ended 31 December 2024. Given that the period to which the Dowlais FY24 Profit Estimate relates has been completed, there are no other principal assumptions underpinning the Dowlais FY24 Profit Estimate.

APPENDIX 6

STATEMENT ON QUANTIFIED FINANCIAL BENEFITS

PART 1

QUANTIFIED FINANCIAL BENEFITS STATEMENT

This Announcement contains statements of estimated cost synergies arising from the Combination (together, the "**Quantified Financial Benefits Statement**").

A copy of the Quantified Financial Benefits Statement is set out below:

The AAM Directors, having reviewed and analysed the potential cost synergies of the Combination, and considering the factors they can influence, are highly confident in the Combined Group's ability to realise approximately \$300 million of annual run rate cost synergies, expected to be substantially achieved by the end of the third year following Completion.

The quantified cost synergies, expected to originate from the cost bases of AAM and Dowlais, are anticipated to be realised primarily from:

- **SG&A** - approximately 30 per cent. across the following sources:
 - Eliminating duplicate public company costs and other costs;
 - Optimisation of the combined workforce;
 - Streamlining of engineering, research, and development expenses; and
 - Elimination of duplicate business and technical offices.
- **Purchasing** - approximately 50 per cent. across the following sources:
 - Leveraging enhanced economies of scale and spend across direct and indirect material suppliers;
 - Utilising vertical integration capabilities to deliver insourcing initiatives; and
 - Achieving global freight and logistical savings through increased scale, utilisation and benefits from third-party logistics suppliers.
- **Operations** - approximately 20 per cent. across the following sources:
 - Increasing operating efficiencies through the implementation of a best-of-best operating system; and
 - Optimising the combined global manufacturing footprint.

The AAM Directors expect that approximately 60 per cent. of the annual run rate cost synergies will be realised by the end of the second year following Completion, and the full run rate cost savings are expected to be substantially achieved by the end of the third year following Completion.

The AAM Directors expect that the one-off costs required to deliver on the synergy plan are approximately equal to one year of full run rate savings.

In addition, the AAM Directors expect an increase in operating working capital of approximately \$13 million required to deliver identified run rate freight and logistics synergies.

The synergy savings stated are net of anticipated dis-synergies (expected to be approximately \$22 million).

The expected synergies will accrue as a direct result of the Combination and would not be achieved on a standalone basis.

These statements of estimated cost savings and synergies relate to future actions and circumstances which, by their nature, involve risks, uncertainties and contingencies. As a result, the cost savings and synergies referred to herein may not be achieved, may be achieved later or sooner than estimated, or those actually achieved could be materially different from those estimated. For the purposes of Rule 28 of the Code, the statements of estimated cost savings and synergies contained in this Announcement are solely the responsibility of AAM and the AAM Directors. Any statement of intention, belief or expectation for the Combined Group following the Effective Date is also an intention, belief or expectation of the AAM Directors and not of the Dowlais Directors.

These statements are not intended as a profit forecast or profit estimate for any period and should not be interpreted as such. No part of these statements, or this Announcement generally, should be construed or interpreted to mean that the Combined Group's earnings in the first year following the Effective Date, or in any subsequent period, would necessarily match or be greater than or be less than those of AAM and/or Dowlais for the relevant preceding financial period or any other period.

Appendix 6 to this Announcement includes a copy of these statements of anticipated cost savings and synergies arising out of the Combination and provides underlying information and bases of belief and calculation.

Appendix 6 to this Announcement also includes reports from AAM's reporting accountant, Deloitte, and its financial adviser, J.P. Morgan Cazenove, in connection with the anticipated Quantified Financial Benefits Statement, as required pursuant to Rule 28.1(a) of the Code, and provides underlying information and bases for the reporting accountant's and financial adviser's respective reports. J.P. Morgan Cazenove, as financial adviser to AAM, has provided such a report for the purposes of the Code stating that, in their opinion and subject to the terms of the report, the Quantified Financial Benefits Statement, for which the AAM Directors are responsible, has been prepared with due care and consideration. Each of Deloitte and J.P. Morgan Cazenove has given and not withdrawn its consent to the publication of its report in this Announcement in the form and context in which it is included.

The AAM Board believes that the Combined Group should be able to achieve the synergies set out in the Quantified Financial Benefits Statement.

Further information on the bases of belief supporting the Quantified Financial Benefits Statement, including the principal assumptions and sources of information, is set out below.

Basis of calculation of the Quantified Financial Benefits Statement

In preparing the Quantified Financial Benefits Statement, AAM has relied on a combination of publicly available information and information obtained through due diligence. In such circumstances, AAM management has made estimates and assumptions to aid its development of individual synergy initiatives. The assessment and quantification of the potential synergies have, in turn, been informed by AAM management's industry experience and knowledge of the existing businesses, together with consultation with Dowlais management.

The cost bases used as the basis for the Quantified Financial Benefits Statement are a blend of AAM's FY24 forecast financial results and Dowlais' FY24 forecast financial results, supported where relevant by certain information from AAM's and Dowlais' budgeted FY25 cost bases.

An exchange rate of £ to \$1.30 has been used in the compilation of the synergy initiatives.

Cost synergy assumptions were based on (A) a mix (i) detailed, bottom-up evaluation of the benefits resulting from elimination of duplicate activities or (ii) AAM's and Dowlais' synergy attainment experience from other

relevant savings programs, (B) the benefits of combined scale economics and (C) operational efficiencies arising from consolidation.

Where appropriate, assumptions were used to estimate the costs of implementing the new structures, systems and processes required to realise the synergies.

In general, the synergy assumptions have been risk-adjusted.

In arriving at the Quantified Financial Benefits Statement, the AAM Directors have made the following assumptions, which are outside the influence of AAM:

- there will be no material change in underlying operations of either business from the Combination;
- there will be no material impact from divestments from Dowlais existing businesses;
- there will be no material change to macroeconomic, political, inflationary, regulatory or legal conditions in the markets or regions in which AAM and Dowlais operate;
- there will be no material change in current foreign exchange rates or interest rates;
- there will be no material change in accounting standards; and
- there will be no change in tax legislation or tax rates or other legislation in the United Kingdom, United States or other countries that could materially impact the ability to achieve any benefits.

In addition, the AAM Directors have made an assumption within the influence of AAM that there will be no material divestments made by AAM.

In addition, the AAM Directors have assumed that the cost synergies are substantively within AAM's control, albeit that certain elements are dependent in part on negotiations with third parties.

Reports

As required by Rule 28.1(a) of the Code, Deloitte, as reporting accountants to AAM, and J.P. Morgan Cazenove, as financial adviser to AAM, have provided the reports required under the Code.

Important Notes

- The statements of estimated synergies relate to future actions and circumstances which, by their nature, involve risks, uncertainties and contingencies. As a result, the synergies referred to may not be achieved, or those achieved could be materially different from those estimated.
- No statement in the Quantified Financial Benefits Statement should be construed as a profit forecast.
- Due to the size of the combination and potential scale of the Combined Group, there may be additional changes to the Combined Group's operations. As a result, and given the fact that the changes relate to the future, the resulting cost synergies may be materially greater or less than those estimated.
- In arriving at the estimate of synergies set out in this Announcement, the AAM Board has assumed that there will be no significant impact on the business of the Combined Group.

We refer to the quantified financial benefits statement (the "Statement") made by AAM set out in Appendix VI to the Rule 2.7 announcement dated 29 January 2025 (the "Announcement"), for which the board of directors of AAM (the "AAM Directors") are solely responsible under Rule 28.3 of the UK City Code on Takeovers and Mergers (the "Code").

We have discussed the Statement (including the assumptions, bases of calculation and sources of information referred to therein) with the AAM Directors and those officers and employees of AAM who developed the underlying plans as well as with Deloitte LLP ("Deloitte") as reporting accountants. The Statement is subject to uncertainty as described in the Announcement and our work did not involve an independent examination, or verification, of any of the financial or other information underlying the Statement.

We have relied upon the accuracy and completeness of all the financial and other information provided to us by or on behalf of AAM and/or Dowlais, or otherwise discussed with or reviewed by us, in connection with the Statement, and we have assumed such accuracy and completeness for the purposes of providing this letter.

We do not express any view as to the achievability of the quantified financial benefits, whether on the basis identified by the AAM Directors in the Statement, or otherwise. We have also reviewed the work carried out by Deloitte and have discussed with Deloitte its opinion addressed to you and us on this matter and which is set out in Part 2 of Appendix VI of the Announcement, and the accounting policies and bases of calculation for the Statement.

This letter is provided to you pursuant and subject to the terms of our engagement letter with AAM and solely having regard to the requirements of, and in connection with, Rule 28.1(a)(ii) of the Code and for no other purpose. We accept no responsibility to AAM, Dowlais or their shareholders or any person other than the AAM Directors in respect of the contents of this letter. We are acting exclusively as financial advisers to AAM and no one else in connection with the offer by AAM for Dowlais and it was for the purpose of complying with Rule 28.1(a)(ii) of the Code that AAM requested J.P.
